

FINAL ACTION ON NOTE TODAY

England Forwards Last Instructions To Her Ambassador

Council to Meet This Afternoon in Effort to Achieve Definite and Satisfactory Results for Entente in Dealing With Situation in Germany.

(By The Associated Press.)
PARIS, Nov. 21.—Lord Crewe, the British ambassador, received instructions from London this morning regarding the note the allies are to send to Germany. It was then announced that the council of ambassadors would meet this afternoon, probably to complete the agreement reached by the ambassadors council on Monday with regard to the resumption of inter-allied military control in Germany.

One little word—the word “consult”—what has been delaying the final action by the council of the note Monday, it appears from today’s developments. The decision reached by the ambassadors on that day was that the note to Germany would set forth the allied demand that the military clauses of the peace treaty be complied with and that if Germany failed to satisfy that demand the allies would “consult” as to what action the situation called for.

Objections to that word were raised in the French cabinet meeting Monday afternoon. It was declared that the necessity thus imposed on France to consult her allies every time action was required was just what Germany was relying upon to make that step forward was made. It was felt that the concession to the allied government on the elimination of any reference to penalties, the hands of the French government should still remain tied.

After consultation between Jules Cambon and Lord Crewe on that point, the British ambassador suggested another word to his government to which the thought might satisfy London and at the same time would remove the objections of the British cabinet. It is understood that the British accepted the modification which allowed the French reservation of the right to act separately if Germany attitude should make action necessary.

BRITISH AMBASSADOR IS SENT INSTRUCTIONS

(By The Associated Press.)
LONDON, Nov. 21.—The British government’s final instructions to Lord Crewe, the British ambassador at Paris for handling the delicate situation which during the past week has threatened the existence of the entente were forwarded to Paris early today. Foreign office files expressed the hope that the entente itself and the ententes relations with Germany would be achieved by the meeting of the council of ambassadors in Paris this afternoon.

The French willingness to meet the British half in the terms of Germany is said here to have been the salvation of the situation. Premier Poincare having given way on the three chief points involved during the negotiations between London and Paris, M. Poincare has assured the British, in the first place, that the ultimatum feature could be deleted from the request for the expulsion of the Crown Prince from Germany. It was dropped and thereby, that no difficulties were to be threatened immediately.

The British believe an allied note along these lines will enable the German government to accept the situation without endangering its position. Whether Germany succeeds, as a British spokesman put it today, in maintaining “her traditional role of playing the fool” remains to be seen when the moment comes for Berlin to reply to the allied communication.

GRETA MAN BRACES WRIST WHILE CRANKING A TRUCK

Charles of Gretna associated with the Gretna mill there is confined to his home nursing a badly broken wrist. He was in the act of cranking a truck when the axle flew back and smashed both bones in his right wrist. Dr. R. M. Shelton happened to be at the mill at the time and the time was lost in setting the damaged member.

State Wins First Skirmish In Xippas Trial For Violating Election Laws

(By The Associated Press.)
NORFOLK, Nov. 21.—The Commonwealth of Virginia won the first skirmish today with Secretary Anthony Xippas, political boss of the state, in a case which has been placed in the hands of the official judges of election in the democratic primary of last August.

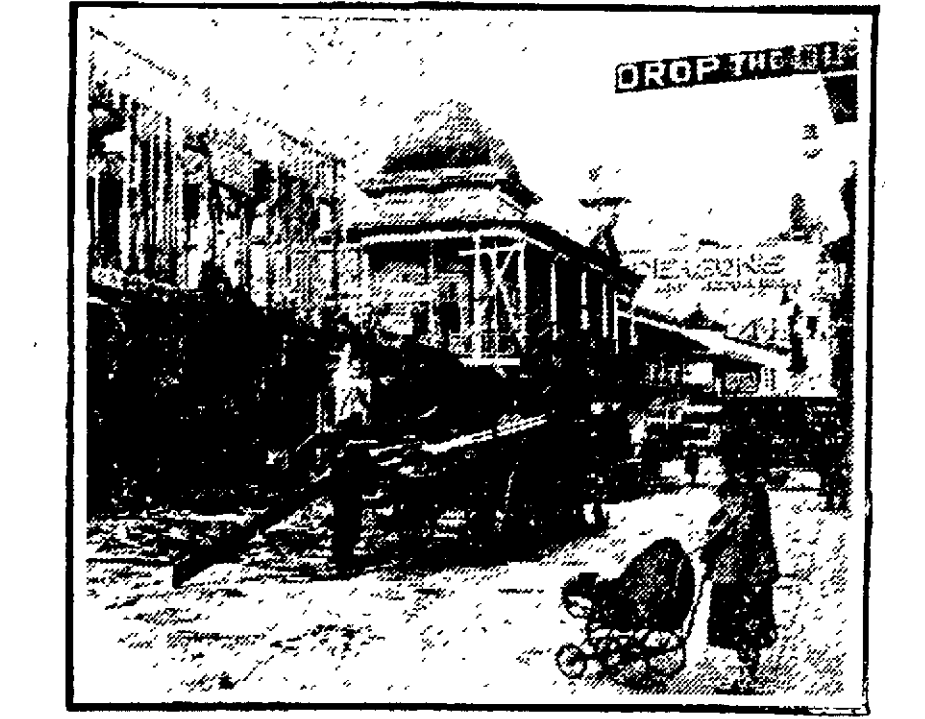

As he had been expected, John N. Webb, Jr., of counsel for the defense, entered a demurrer to the first indictment charging that Xippas had possession of official ballots on August 6, the day before the primary, and moved that the case be quashed on the grounds that the ballots could not be used in the election.

The official judges of election in the case of Judge W. H. Sargent, overruled both the motion and the demurrer and ordered the trial to proceed.

The case did not begin until noon and in the afternoon a short time before adjournment for dinner.

MORE BUREAU SCANDAL PROMISED WALTON DENIED ORDER

“Bigger and Better” OPENS FIGHT TO REGAIN OFFICE, GOES TO COURT

Next summer when you make that trip to New York you'll find a different-looking Coney Island. They've built a big boardwalk that will be more or less a rival of the famous boardwalk at Atlantic City. To make room for approaches to the new walk, many buildings occupied by small concessionaires are being torn down.

TOWN TOPICS

Preparations are being made for the annual memorial services which will be held by the Danville Elks Club on the first Sunday in the coming month or December 2nd. This service at which the Elks pay respects to members of the order who have died is invariably well attended. Mrs. W. W. Ayres is at present engaged at work on the programme. John W. Carter of this city, however, has accepted the invitation to pronounce the eulogy. The name of the orator who will make the address will be announced later.

Frank Danjelly and Alton Allen, two North Carolina youths who were detected in the act of placing a spare tire on a stolen automobile on West Main street last Saturday night will be sent back to Durham, N. C. for trial. Police Sergeant Haraway who with Patrolman Talley made the arrest have been notified that the car belongs to Roy Beard, of Roxboro, N. C., who was in Durham on the day of the theft, the machine being stolen from the street where it was parked.

The condition on Brakeley Tarr, fourteen years old, son of Mr. and Mrs. C. B. Tarr, who was taken to the hospital on Saturday for an operation was reported today as desperate in a telegram received from his grieving father. An operation disclosed a tumor deeply imbedded in the brain and Johns Hopkins University hospital consultants have given him but a few days to live. The boy became ill about three weeks ago, with violent nausea and was removed to Edmunds hospital for observation and treatment. While a definite diagnosis was not made here physicians suspected the tumor which was performed.

Several Danville school teachers are planning to attend the Virginia Educational Conference which will be held in John Marshall high school, Richmond, November 28, 29 and 30. The programme already issued contemplates an exhaustive study of all of the larger school problems which are to be discussed with public men throughout the State. The attendance is expected to be unusually large, special railway rates having been made available. Danville is included in District E which takes in Mecklenburg, Charlotte, Halifax, Pittsylvania, Henry, Patrick and Franklin counties. No Danville speakers are on the programme this year but Thursday, Nov. 29th, Mrs. F. C. Beverley, of Whitwell, is to speak on “The Making of a Citizen.”

Lester Amos, son of Mr. and Mrs. W. E. Amos of Tazewell, is a patient at Edmunds Hospital where he was brought following an accident which occurred Saturday night when the car he was driving struck another car. The accident happened on the State road between Gretna and Pittsville. Amos was found to have sustained several cuts about the face and neck from flying glass. One wound in his throat which narrowly missed severing an artery, had freed the youth on arriving at Gretna was found in a weakened state. His condition was such that it was deemed advisable to bring him to the local hospital. His wounds have been treated and at the hospital this morning it was said that his condition showed improvement and that he probably would be able to go home in a few days.

Indict Lawyer For Filing False Income Returns

(By The Associated Press.)
NEW YORK, Nov. 21.—Charles J. Steinberg, a lawyer, acquitted last March with Harold L. Hart, former federal prohibition director, and others of a charge of defrauding the government through liquor withdrawals, has been indicted by the federal grand jury for perjury and filing false income tax returns.

Steinberg is charged with paying income taxes only \$424.33 in 1920 and 1921 while he was operating various drug companies, when he should have paid taxes aggregating \$500,000 on the business of \$1,500,000 he transacted in the period.

With penalties added the government has claims against Steinberg for \$748,667.

Oder Retrial of Alleged Assassin

(By The Associated Press.)
PRAGUE, Nov. 21.—The criminal court here has ordered the retrial of Atanas Nikoloff, who was recently acquitted of the charge of assassinating M. Daskoff, the Bulgarian ambassador here today. Nikoloff, according to the police, has confessed that his real name is Jordan Cienkov. He said he first saw the name Nikoloff on a passport given him by the Bulgarian authorities, and he had complied in Daskoff's assassination will be investigated.

Dies From Shock Because Superior Must Go to Jail

(By The Associated Press.)
NEW YORK, Nov. 21.—Deputy Commissioner Henry Smith died today at his home. It was said that the immediate cause of his death was shock over the decision of the United States Supreme court that his superior, Commissioner Charles L. Craig, must go to jail for contempt of court.

The Supreme court Monday upheld the action of Federal Judge Mayer in this district in adjudging Commissioner Craig guilty of contempt of court because of his criticism of Judge Mayer, who he alleged, discriminated against the city of New York in the appointment of receivers for the Brooklyn Rapid Transit company. The commissioner was sentenced to serve six days in the Essex county (N. Y.) penitentiary.

Convicted Spy Freed From Pen, to Leave Country

(By The Associated Press.)
LEAVENWORTH, Kans., Nov. 21.—John Wake, convicted German spy, was released from the federal penitentiary here today. He was met by Henry L. Wade, German consul, Kansas City, where German City he goes to St. Louis and then to New York for deportation.

MANY INDICTMENTS.
(By The Associated Press.)
SAVANNAH, Ga., Nov. 21.—Indictments returned by the federal grand jury yesterday include 126 different defendants in various parts of the United States, according to a statement issued by the United States district attorney. It was stated between 40 and 50 indictments were returned.

HARRY LEWIS CLEARED OF BLAME IN BOY'S DEATH

Harry C. Lewis was completely exonerated of blame for the death of seven-year-old Taft Duncan, son of Mr. and Mrs. Henry Duncan of North Main street as result of an accident which took place on North Main street last October 28th by a coroner's jury this afternoon.

The verdict of the jury after hearing the testimony of five witnesses and a statement from Mr. Lewis held that the boy ran into the side of Mr. Lewis' car and that he was in no wise responsible for the tragic affair. The verdict was announced by the coroner to his death as result of injuries received when struck by automobile driven by Harry Lewis, and are of opinion was not to blame.

This verdict was signed by Sambo, H. Motley, E. W. Arnett, R. R. Murray, C. H. Dodson, W. V. Carter and H. A. Moorefield who constituted the jury.

The evidence of all available eye-witnesses to the accident revealed that there was no basis to the supposition that a second car driven by some person unknown played a part in the accident. The coroner then summoned all witnesses to appear in the court on November 24th at 9 o'clock when the pending warrant against Mr. Lewis will be disposed of.

New Activities Of Rum Fleet Is Not Alarming

(By The Associated Press.)
WASHINGTON, Nov. 21.—Renewed activities of a rum fleet off the New Jersey and Long Island coast were declared by prohibition Commissioner Hayes today to be “not alarming.” He said that the fleet of a problem continually faced by prohibition and coast guard forces. He added that “we are always doing all we can in matters of this kind.”

Mr. Hayes declared that there probably is some liquor landed somewhere along the Atlantic coast every day “and that the public shall not get the impression from present activities that there will be available ‘some genuine Scotch for holiday consumption.’”

Three Youths Held For Stealing Car

(By Chicago Tribune Service.)
PETERSBURG, Va., Nov. 21.—Three youths, Herman H. Peppard, Samuel Greenwald and Robert C. Smith, the first two claiming to be students, are held in the city jail here on the charge of stealing an automobile here yesterday. They were captured by local police in list of Wight county after a 45 mile chase. Clothing alleged to have been stolen from the car was found in the youths' possession when arrested and they will face an additional charge.

Once Sentenced to Die, Pleads Guilty and Gets 25 Years

(By The Associated Press.)
MEMPHIS, Tenn., Nov. 21.—J. W. Johnson, Jr., once convicted of murder in 1918, pleaded guilty today to the killing of Mr. Hattie B. Fordson with whom he is said to have been infatuated, halted the examination of evidence for his second trial in criminal court here today.

A plea of guilty and an agreement of counsel was entered into a 25 year imprisonment.

ROB CHURCH ALTERS TO GET SILK FOR CLOTHES.
(By The Associated Press.)
BERLIN, Nov. 21.—The robbery of church altars is the latest specialty of Berlin crooks. One of them came to grief yesterday when the police halted a woman dressed in a purple gown of ecclesiastical cut. A search of her wardrobe revealed an extensive array of crowns and lingeries made of altar silks, satins and velvets, which she had sweetheart had been accumulating in the course of her church looting expeditions.

Only Fragment of Facts Cleaned by Public Hearings

Committee, Closes Public Inquiry, But for Next Three Weeks Will Consider Information Collected Simultaneously All Over Country Since Last March.

(By The Associated Press.)
WASHINGTON, Nov. 21.—With the public hearings virtually ended, counsel for the Senate Veterans' committee began today the task of shaping up for the consideration of the committee the last volume of information gathered in the investigation of the activities of the Veterans' Bureau. Put under the act of the Veterans' Bureau was conducted simultaneously in practically every state the Union and culminated in public hearings of corruptions, waste, debauchery and intrigue.

With the closing of the public sessions, John F. O'Ryan, of New York City, general counsel, told the committee last night that what has been presented publicly constitutes but a fragment of what has been developed, both in relation to the neglect of the disabled and to corruption and waste in the bureau.

The information collected both in the public sessions and in the field will be considered by the committee at (Continued on Page Three.)

THE MAYOR OF YONKERS, N. Y. ENDS HIS LIFE

(By The Associated Press.)
YONKERS, N. Y., Nov. 21.—Mayor Walter M. Taussig was found this morning in the garage behind his home, a revolver near him and was taken to a hospital where he died from a bullet wound believed by the police to have been self-inflicted.

Mayor Taussig was a brother of Frank W. Taussig, the famous economist who served as chairman of the United States Tariff Commission and has been the Henry Lee professor at Harvard since 1901.

The mayor, who was reputed to be wealthy, was the vice president of the American Chain Company and was interested in a number of other large industrial enterprises. He was active in local philanthropies.

The police admitted they had learned of no reason why the mayor should have killed himself. A Democrat, he was defeated for re-election early this month by Ulrich Wiesendanger, Republican.

Mayor Taussig was found about 8:30 o'clock immediately after the shot was fired. He died an hour later with Mrs. Taussig at his bedside.

Reported Suicide, Girl Found Alive and Makes Denial

(By The Associated Press.)
NEW YORK, Nov. 21.—Some one with a perverted sense of humor today started a rumor that Reine Davies, daughter of City Marshal Douglas and sister of Marion Davies, movie star, had shot and killed herself in her apartment on West 58th street, and the report was telephoned to police headquarters.

Immediately detectives were sent to Miss Davies' home, where they found her and personally denied the report of her death.

ENGAGEMENT ANNOUNCED.
Mr. and Mrs. James W. White, of Blanche, announce the approaching marriage of Miss Reine M. White, daughter of Mr. White, to William S. Fitch, of Tazewell, N. C., the wedding to take place December 19th.

LEGION POST CHAPLAIN SUBMITS PEACE PLANS

Rev. Malcolm S. Taylor is not the only Danville minister who has submitted a plan for world peace in the Ray Peace Prize competition. Rev. Ray Peace Prize competition. Rev. John Page Jones, pastor of Lee Street Baptist church, chaplain of the Danville Post American Legion, and member of a well known family of Baptist preachers, has also submitted to the jury of award a practical suggestion this being sent to New York within the period allotted for the submission of suggestions. His suggestion is to have a peace conference of some 20,000 plus which have been sent in. Rev. Mr. Jones has authorized the statement that if he wins the \$100,000 prize, he will give a supper to all ex-servicemen and that all of the ministers of the city will be invited.

Rev. Mr. Jones was called this morning and asked if he would outline his suggested plan. He did this briefly by stating that it suggested representation by all of the nations of the world in a body to function as the council of the League of Nations as shown up at Versailles. The minister said that he had given thought to the subject of recent months and that he filed his suggestion on the day before the time limit for the sending of plans expired.

This Danville home ex-serviceman, “E” 116th Field Artillery in France and also on the Mexican border with the cavalry.

CONFERENCE IN RUHR THURSDAY

(By The Associated Press.)
DUESSELDORF, Nov. 20.—Negotiations between the French economic committee in the Ruhr and the German industrial leaders looking to a working agreement will be resumed here Thursday. The Duesseldorf Nachrichten announced tonight the newspaper does not say whether Hugo Stinnes will take part in the new meetings or indicate which side took the initiative toward resumption of negotiations.

It is considered doubtful that Herr Stinnes will reappear, but he will probably be represented at the resumed meetings. He has been in Berlin since the collapse of the former conference.

Advancing Years Need Stomach Help

If Inclined to Sour Risings, Heartburn, Gasiness, Stomach's Dyspepsia Tablets Sweeten and Bring Quick Relief.

Our digestive system with a little help, will pick out of a diversified diet what the body needs to sustain health. It is the sour stomach, gas, heartburn and acid condition that starts trouble all along the line particularly with people getting on in years. If they will use Stuart's Dyspepsia Tablets after eating, the stomach will sweeten, gas, milk, cheese and meat will be digested, gas will not form and the system will thus get nourishment and strength unimpaired by indigestion and harmful fermentation. Get a 50 cent box of these wonderful tablets and learn what it means to enjoy meals without consequent indigestion—adv.

Rheumatic pain

Yields to treatment with Sloan's. Just pat it on gently. The tingling glow, the comforting warmth is itself relief. The ache eases off—then stops. Get a bottle from your druggist today and have it on hand—35 cents. It will not stain.

Girls! Moisten the Hair Brush

Instantly a Gleamy Mass of Beautiful Hair

The effect is startling! You actually see plain, flat, oily or colorless hair become soft, fluffy, lustrous and abundant in a moment.

Try it! When combing and dressing your hair, just moisten your hair brush with a little "Danderm" and brush it through your hair. You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair sparkling with life and possessing that incomparable softness, richness and luxuriance that only comes from the use of "Danderm."

While brushing the hair, "Danderm" is also toning and stimulating each strand to grow thicker, longer and stronger. Hair stops falling out and baldness disappears. Get a 35-cent bottle of "Danderm" at your druggist and see how hair becomes beautiful and youthful.

PAYS MURPHYS WAY THROUGH HARVARD

HERE, THE MURPHYS—FAT AND LEAN, THE FINEST LADS YOU'VE EVER SEEN. THEY'RE AS FRESH AND BRIGHT AS A ROSE. MURPHY AND HIS PICTURE ARE SHOWN ON AN IRISH SPUD. FROM LEFT TO RIGHT YOU'LL QUICKLY SEE J. J. R. F. AND SMILING N. B. THEN COMES J. C. AND J. P. WITH THE FROWN—A LAD WITH A WAY, A HARD MAN TO DOWN.

By BOB DORMAN

CAMBRIDGE, Mass., Nov. 21.—Murphy's name that's very old, but heretofore never stood for gold, until one day a Murphy, William Stanislaus for the clan of Murphy became a Santa Claus.

For by the terms found in his will each year nine Murphys pay their bill, at fair Harvard's halls of fame, where nine scholarships bear his name. For it was there in '83 that William S. did graduate, and hence he thought it appropriate the Murphys there to educate.

As a result the year may bring

about a condition strange, without a doubt. For instance take the baseball nine, in time unquestioned very fine composed of Murphys—Murphy team of Murphys fat and Murphy lean.

When that time comes, to keep a score, will be more than a harm's chore. With a Murphy at home and more to come, how will you know which scored a run?

And on the football eleven as well 'twill be impossible to tell, for whom the crowd begins to cheer, for "Murphy-Murphy" will you hear. And no matter who the heroic man, he

will belong to the Murphy clan; and each of them, bold and strong, will think to him the cheers belong.

Nobly indeed have the Murphys done, and down below the full list's run, of the scholars here to acclaim, and carry on, the Murphy name:

J. J. Dorchester, Mass.; J. S. Boston, Mass.; R. P. Charlestown, Mass.; G. A. Boston, Mass.; J. S. Concord Junction, Mass.; J. C. Danbury, Conn.; N. B. Augusta, Me.; J. P. Craddock, Va.; and R. J. Spokane, Wash.

And in closing we would say, that we hope there never'll come a day, when this Mister Murphy to emulate

CROWDED HOUSE ATTEND "SALLY, IRENE AND MARY"

The Majestic theatre was taxed beyond its seating capacity last night for the first appearance here of Shubert's musical comedy, "Sally, Irene and Mary," which was given a warm reception. Colorful, tuneful and given by a larger performing company than it was, the play in the opinion of a good many in the audience did not come up to the high standard set by some of the musical attractions given earlier in the present season, but this does not by any means indicate that it is a poor production. What it lacks in vocal talent and in the comedian without which no musical comedy can expect to "get across" is partially made up in scenic efforts, the costuming and a full fledged ballet which was a feature of one of the numerous scenes. While Eddie Featherston in the leading role of "Jimmy Dugan" was captivating as the self-developed Browery type his vocal attainment is not good and his comic timing, together with Miss O'Brien's utterance of French do not entirely take the place of the fun-maker of the accepted musical play.

The comedy is notable for the size of the cast and its numerous scenic changes of which there are nine in the first act and five in the second. The production is put as some were led to believe a piece together of three plays of that name although lyrics from each were included and the tenement scene was strongly suggestive of Irene. The three leading female roles are attractively given though again there is no distinctive singing. Their three mother roles are clever in Irish character roles. The song hits in the production feature "Time Will Tell," "Wonder Why," and "Something in Her." One of the best received songs being "Do You Remember" given by stage stars of an earlier day. The quartette gave a realistic interpretation of their earlier triumphs which brought a warm response from the house.

WANTS MARRIAGE ANNULLED; TO WED ANOTHER

By JOHN CLAYTON
(By Chicago Tribune Service.)
BERLIN, Nov. 20.—It is rumored in Berlin that Prince Hans Heinrich of Pleiss has asked the Vatican court to annul his marriage with Lady Mary West, daughter of the Earl of De La Warr, in order that he may marry Countess Delbrückheim of Vienna whom he met at St. Moritz last year.

Both the princess and Prince Hans are Protestants, but Countess Delbrückheim is a Catholic and refuses to marry unless the Vatican annuls his marriage.

Prince Hans has been married 20 years and owns vast estates in Germany and Austria.

No divorce suit has been filed in the German courts.

The West family has American connections.

We propose you a splendid opportunity—Hans Heinrich—11-20-23.

SHELHORSE IS FINED BY FITTS

Ramsey Shelhorse yesterday was fined \$15.25 in Magistrate Fitts' court in Schoolfield for driving a car while under the influence of liquor. Sunday afternoon on the Yanceyville road he was driving a Cadillac car which came to grief Miss Helen Noble an occupant of the car receiving painful but not serious injuries. Two other women, Miss Hopkins and Miss Chapell, were in the car at the time but escaped injury. It was said that the whole party had been drinking.

Squire Fitts, in the first instance fined Shelhorse \$100 and costs and imposed a sentence of 30 days in jail. Shelhorse's aged father attended the trial and after the sentence was imposed and court had adjourned pleaded with the magistrate to remit the 30 day sentence. The son also added his plea to that of the father, saying that he had a wife and four children and that the jail sentence would bring disgrace upon his family. Squire Fitts was at first disposed to deny the plea but when the elder Shelhorse broke down and wept, the squire grew lenient and remitted the sentence.

However, he took occasion to administer a sharp lecture to young Shelhorse for driving a car while drunk and for being out with a lot of young women on Sunday afternoon when he should have been at home with his wife and children. He made it plain to the offender that if he came into his court on any such charge again he would show no pity, but impose the maximum sentence.

Shelhorse promised the judge that in the future, he would stick to the "straight and narrow."

WHITEY DOERING KILLED; PALS TO ATTEND FUNERAL

(By The Associated Press.)
HERN, Ill., Nov. 20.—Many automobiles containing gangsters were arriving here today because their chief, W. F. (Whitey) Doering is dead.

Local authorities were taking every precaution to prevent trouble. Doering died late yesterday from a bullet wound in the abdomen received Sunday night at a resort near here operated by Charles Berger. Berger also was shot and is in a serious condition at a local hospital.

Afternoon papers denied a statement that Doering had shot him when he refused to divulge information about a mine payroll and asserted Doering fired at him without provocation.

Shortly before Doering died he was charged with shooting a man named with an outburst of profanity.

St. Louis, Nov. 20.—W. F. (Whitey) Doering was considered by St. Louis police as the bad man of the notorious "Beane's" gang. He is said to have had all the corpses of the gang—murders, robberies and holdups. He was 22 years old.

Doering resided in a up-to-date bungalow in St. Louis county. Neighbors respected him as an estimable gentleman. It is in this bungalow that the greater part of the \$2,583,950 loot of the St. Louis mail robbery was found.

Doering served several terms in the Missouri penitentiary and one term in the St. Louis workhouse for assault, burglary and larceny.

TWO 150 GALLON COPPER STILLS WERE CAPTURED

Raids in Virginia, near the North Carolina border yesterday by state prohibition inspectors V. M. Shelton, Deputy Sheriff P. A. Smith, and E. L. Heffinger, netted two 150 gallon copper stills, two 800 gallon fermenter boxes, four fermenter barrels, and ten kegs containing several gallons of whiskey.

The distilleries plants were located near Milton, N. C., and Seacombe, Va., and consisted of two complete units for the manufacture of white mule. None of the operators of the illicit stills was found, but the officers stated last night that arrests in connection with the cases will doubtless be made today. From all indications the stills had been operating shortly before the officers arrived, and the owners having gotten wind of their coming cleared out, evidently not desiring to run afoul of the guardians of the law.

The full manufacturing outfit, including still, all equipment, liquor in process and the completed product, were destroyed at the site of operations.

U. S. SCHOONER IS BATTERED TO BITS IN STORM

(By Chicago Tribune Service.)
HAMBURG, Nov. 20.—The hard luck Pendleton fleet of schooners lost another vessel with all but two of its crew of eighteen when the Grace N. Pendleton, a four masted American schooner, which struck Vogel Sand shoal off Cuxhaven in the darkness during a heavy storm this morning, was battered to pieces by heavy seas today.

The ship which was trying to make the sheltered stretches of the Elbe before a heavy northwester, ran ashore during the early hours of the morning. The distress signals were seen by the life saving station at Cuxhaven shortly after 4 o'clock and life boat crews fought their way to within a few hundred yards of the ship. But on account of the heavy seas they were not able to board it.

After three hours had collapsed Captain Boether of Gloucester, Mass., his 18 year old son who was second engineer, a German steward named Wollweber and an unnamed man still clinging to the tip of the fourth mast which swayed dangerously.

When a life line finally fell across this mast Captain Boether sent his son and Wollweber across to safety; first. The captain and the other man intended to cross on the next trip but before the buoy reached them the most collapsed and both were lost.

Young Boether and Wollweber are now in Cuxhaven hospital, the only survivors.

The schooner, which has been lying around for six months for repairs, was bound for Rotterdam in ballast to take on a cargo.

—Pendleton Hookers of the John E. Hughes Company, stationed at Sanford, N. C., is visiting his mother, Mrs. George S. Hughes.

WORTH ITS WEIGHT IN GOLD

So Writes Mrs. Dix, All Her Life, A Sufferer Until She Tried Benedicta — Nature's Friend to Woman.

"I feel like I ought to write to you about Benedicta. I have been sick nearly all my life and have taken medicine from doctors and they did me no good. I tried Benedicta and I think it is worth its weight in gold. Benedicta has done me more good than anything I ever found and I can use the bottle. And also my home, for if I can't place Benedicta in the hands of one suffering woman I will certainly do so."

Mrs. Carrie B. Dix, Schoolfield, Va., has more than 100 years' experience in "Benedicta" and has been writing letters like the above about the relief brought them through Benedicta, nature's own harmless herb, and root compound for the many ills and pains women suffer from. If you, as a woman, do suffer from irregularities, backaches, displacement and nervousness, get Benedicta, sold and so named by J. C. McCall's Drug & Chemical Co., 8-11 N. Main St. Jones, Schoolfield, Va.—adv.

TOBACCO NEWS

CO-OP STORAGE WAREHOUSE AT GOLDSBORO BURNS

(By The Associated Press.)
GOLDSBORO, N. C., Nov. 20.—Fire broke out in the storage warehouse of the Tobacco Growers' Cooperative Association here at 12:45 o'clock this morning and half an hour later, the structure containing a large quantity of leaf tobacco, loaded from members, appeared to be doomed. At that hour the fire was still beyond control of the firemen and was spreading to nearby dwellings.

Estimates of the amount of tobacco in the warehouse could not be obtained.

CO-OP WAREHOUSE IN LYNCHBURG IS NOW BEING USED

(By The Associated Press.)
LYNCHBURG, Va., Nov. 20.—The warehouse of the Cooperative Tobacco Growers' Association here opened today, the receipts being estimated at 40,000 pounds. T. C. Watkins, Jr. of Richmond, director of warehouses for the association made a brief address at the opening, telling about 150 people that the association has approximately 4,000,000 pounds of dark tobacco left over from the 1922 crop, expressing the opinion that this supply would determine the price of the 1923 crop.

He said the Association would control about 75 per cent. of the dark cured crop this year and that 1,287 contracts have been signed since the close of last year's business. Mr. Watkins said he could not say definitely when the third payment for the 1923 tobacco marketed through the association would be made. He stressed the importance of members living up to their contract with the association.

BASKET BALL GAME TONIGHT

Tonight at 8:15, at the Municipal Building the championship basketball game of the Danville High school girls' teams will be played. It gives promise of being a close game, as the two contesting teams are well matched. The two teams which play Wednesday night are the Juniors and Seniors. A large crowd is expected to witness the contest.

CALHOUN FREED OF ALL CHARGES

(By The Associated Press.)
SAN DIEGO, Calif., Nov. 20.—After deliberating upon its findings for forty minutes the naval court martial, which is trying naval officers upon charges growing out of the disaster at Honda in which seven destroyers were lost, returned today a verdict of acquittal in the case of Commander William L. Calhoun, commanding officer of the U. S. S. Young, one of the vessels stranded on September 8.

Calhoun was the fifth Honda defendant tried by general court martial and the third acquitted. He was charged with negligence. Commander L. P. Davis, of the U. S. S. Woodbury, was to face the court as the sixth defendant.

The good old summer time—in December

FRANK LEHR, of Noblesville, Indiana, lived in a typical American home with an all-American temperature. The kitchen was Miami, but the bedrooms were Bangor, Maine.

A year ago he threw out his old-fashioned heating plant and installed ARCOLA, setting it in the kitchen and connecting it with an American Radiator in every room.

"We are delighted," he wrote last December. "Our home, which was only partially heated before, is now like summer all the time. Rooms which were never known to be warm are filled with growing plants. . . . We would not part with ARCOLA for \$1000 if we could not have another."

Human life is short enough

at the best. Why waste another winter huddled around an old-fashioned stove or in a room half hot and half cold from an old-fashioned heating plant? Why not have warmth from an American Radiator in every room?

The cost is only a fraction of the value which Mr. Lehr places on his ARCOLA; and the whole amount comes back to you. Thousands of owners testify that ARCOLA pays for itself in the fuel it saves.

This sign is the mark of the merchant who sells ARCOLA.

FINAL HEARING IN RAIL MERGER

(By The Associated Press.)
WASHINGTON, Nov. 20.—Testimony was concluded today at hearings before the Interstate Commerce Commission on the controversy between the New York Central and the Baltimore and Ohio railroads over consolidation proposals and was opened for final consideration of the New England Transportation situation.

Newark, N. J., made representative statements that the New York Central, in the event of consolidation, he part control of the Central of New Jersey and parts of the Philadelphia and Reading systems. While a new aspect of the matter was put forward by J. T. Zerkley, who headed the Baltimore and Ohio, he said he would prefer to see it attached to the Baltimore and Ohio rather than to the New York Central. His independence was taken away by any consolidation.

More witnesses and better service at the hearing.

So Writes Mrs. Dix, All Her Life, A Sufferer Until She Tried Benedicta — Nature's Friend to Woman.

"I feel like I ought to write to you about Benedicta. I have been sick nearly all my life and have taken medicine from doctors and they did me no good. I tried Benedicta and I think it is worth its weight in gold. Benedicta has done me more good than anything I ever found and I can use the bottle. And also my home, for if I can't place Benedicta in the hands of one suffering woman I will certainly do so."

Mrs. Carrie B. Dix, Schoolfield, Va., has more than 100 years' experience in "Benedicta" and has been writing letters like the above about the relief brought them through Benedicta, nature's own harmless herb, and root compound for the many ills and pains women suffer from. If you, as a woman, do suffer from irregularities, backaches, displacement and nervousness, get Benedicta, sold and so named by J. C. McCall's Drug & Chemical Co., 8-11 N. Main St. Jones, Schoolfield, Va.—adv.

Gov't. to Examine Books of Swift Co.

Wallace Calls on Company to Open Accounts to Auditors But Head of Plant Declares Such Effort Will Mean Court Fight to Test Authority to Have Access to Records.

(By The Associated Press.)
WASHINGTON, Nov. 21.—Swift and Company, Wilson and Company and the Cudahy Packing Company will be given until November 23 by the federal government to open their books and records to auditors of the Department of Agriculture before action is taken to ignore penalties prescribed by the packers and stockyards act.

Negotiations for examination of the packers' records have been proceeding for a year, the secretary said in announcing his decision, but the company officials have insisted that such a study was not authorized by the law and would be a violation of their rights. The information is sought to determine the scope and methods of the business engaged in by the companies and Mr. Wallace said he was convinced that "we have full right under the law" to obtain it through examination by auditors of the packers and stockyards administration of the department.

SWIFT WILL RESIST THE ATTEMPT TO SEE BOOKS

(By The Associated Press.)
CHICAGO, Nov. 21.—A court fight between the federal government and auditors to have full access to books of packing companies is indicated by the statement of L. F. Swift, president of Swift and Company, that his concern will resist the attempt of the secretary of agriculture to investigate company affairs.

"Such attempted regulation of the entire business can but result in conflict of regulation and the confusion of the industry," Mr. Swift said. It will probably be necessary to let the courts decide this issue.

"I still believe constitution gives a little privacy to citizens and we want to find out," said Thomas Creigh, general counsel for the Cudahy Packing Company. "There is nothing in the packing and stockyards act which will permit an official to walk into your office, sit down at a desk and tell you how to run your business."

Creigh indicated that the concern he represents will refuse to comply with the request of Secretary Wallace.

It takes two to make a couple, but only one to make a divorce.

Even a wise man and his money are soon parted by a coal man.

Better supper tonight at Hotel Burton. 11-20R&B2t

SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call it "Joint Ease" Because it's for Swollen, Sore, Painful, Creaky Joints Only.

It took a good many years to get together a combination of pain subduing and swelling reducing agents declared to be the one remedy that almost instantly penetrates through skin and flesh and starts right in to make swollen, inflamed, creaky, painful joints as good as new.

They call this new and wonderful preparation the "Joint Ease" because medical men who turned the trick, worked for years to perfect some low-priced remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

So "Joint Ease" is prepared only for people who have a swollen, painful, creaky, distorted or stiff joint, whether it be in the neck, elbow, shoulder, ankle, neck or finger and whether it is caused by rheumatism or something else.

Of course it can't help but quickly penetrate to the superficial arthritis, achings muscles stitch in the side, crick in the neck or sore feet because of its penetrating action but what it really does is to penetrate to the joints, attack the inflammation, soothe the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach is an absorbent to blood, attacks the root of the trouble and destroys the germs that lead to consumption.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creosolium, an emulsified creosote that is pleasant to take. Creosolium is the new medical discovery with two fold action: it soothes and heals the inflamed membranes and kills the germs.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung trouble. Creosolium contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach is an absorbent to blood, attacks the root of the trouble and destroys the germs that lead to consumption.

Creosolium is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchitis, catarrhs, bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold no matter how long standing is not relieved after taking according to directions. Ask your druggist, Creosolium Co., Atlanta, Ga.—adv.

Walter Blair Laid to Rest In Halifax

(Special to The Bee.)
SOUTH BOSTON, Va., Nov. 21.—Funeral of Walter Blair who died here suddenly last Saturday was conducted yesterday morning from his home, the obsequies being unusually largely attended. The South Boston Masonic lodge conducted the services at the grave, those at the residence being in charge of Rev. J. G. Unruh, pastor of Main Street Methodist church. A number of people who had known Blair, who had spent his boyhood days, were present at the services and there were also many members of the local Kiwanis club of which he was a member.

The flowers were handsome and the number is shown by the long list of friends required to carry them: John Wood, Cecil Lacy, W. H. Lawson, Henry Bertram, W. L. Pennick, C. L. York, C. S. York, E. B. Gates, Leslie Johnson, L. C. Inge, W. A. McCauls, J. D. Tucker, Jr., S. A. Lantor, J. T. Lacy, Dural Canada, L. E. Johnson, E. M. Terry, L. F. Walker, J. E. Fuggle, Tom Giescock, E. C. Skinner, W. C. Slate, B. L. Fowles, Capt. Bonnet, Ben Dickenson, Robert Ferrell, Herbert Wetherford, Richard Wetherford, "Wells" Wetherford, Lacy McNeal, W. H. Giescock, S. P. Gilliland, T. B. Cagle, S. L. Murray, J. C. Wright, J. T. Perry, Louis Johnson, J. A. Wright, T. E. Hodges, H. P. Wilder, J. W. Mosely, K. K. Smith, J. C. Harrison, S. M. Stensner, E. B. Leellyn, T. O. Bascely, C. B. Lovelace, R. Edmundson, Joe Carter, Fred Epps, Thornton Easley, H. R. Pendexter, John Adams, Dr. Wagner, Arthur Turner, T. O. Bascely, A. S. Glass, C. T. Lovelace, H. W. Woodall, W. T. Lea, Jim White, Dr. S. B. Belt, E. R. Farmer, Keister Terry, Wm. Slate, W. H. Chess, J. E. Fuggle, J. C. Inge, J. T. Murray, J. C. Harris, J. D. Terry, W. E. Terry, W. D. Turner.

Good Morning Judge!

The first alleged drunken car driver to receive a jail term in Danville proper was E. J. McCarthy, who was this morning sentenced to serve five days in the city jail and in addition draw a fine of \$10 and costs. McCarthy was found guilty of driving a machine while intoxicated.

This was the only case which drew a conviction. A warrant charging Claude Pruitt with defrauding his board was dismissed. The charge was brought by Nannie Duncan.

Raleigh Walker, who has been held for the North Carolina authorities, was given his freedom on word received from North Carolina.

The case of Charles Davis, Jr., for speeding, went over.

Willed Chauffeur \$110,000, Wife \$1

(By The Associated Press.)
BOSTON, Nov. 21.—Justice Kirkpatrick today set aside the will of the late Dr. Charles M. Freeman, which left \$110,000 to his chauffeur, Harry Johnson, and cut off the wife, Mrs. M. Williams Freeman, the authress, with one dollar.

The court held that Dr. Freeman had not known his chauffeur six months when he made the will, and that the wife was an alcoholic and suffered from a diseased mind and that he was of insufficient mental capacity to dispose of his estate.

Feet of College Girls Increasing In Size Steadily

(By The Associated Press.)
COLUMBUS, Ohio, Nov. 21.—The feet of the modern college girls are steadily increasing in size, according to a study made by the director of the women's department of physical education at Ohio State University.

Miss Clark claims that modern footwear at the college level is a cause for the increase in size.

Reports Taken Up at U. D. C. Meeting

(By The Associated Press.)
WASHINGTON, Nov. 21.—Reports of the U. D. C. committees were taken up today by the annual convention of the United Daughters of the Confederacy, which opened last night with a number of patriotic addresses.

The delegates had a crowded program of organization and action, including a reception by Mrs. Colledge at the White House.

Lieutenant in chief of Mrs. Ames H. Norris of Tampa, Fla., and Mrs. Frank L. Kraybill of New York, president-general, gained momentum as their speakers increased their efforts.

A reception in honor of the delegates will be given tonight by the Southern Society of the District of Columbia.

TO ISSUE GOLD LOAN.

(By The Associated Press.)
BERLIN, Nov. 21.—A law recently passed by the German government has decided to issue a gold loan of a dollar billion, guaranteed by the resources of the Reich. The amount of the loan has not yet been fixed.

WOULD TAKE FORTY CARS TO HAUL MEAT FOR LIE SAUSAGE

(By The Associated Press.)
BERLIN, Nov. 21.—German financiers of a statistical bent have found that it would require a fleet of 40 cars to haul enough meat to make one pound of sausage.

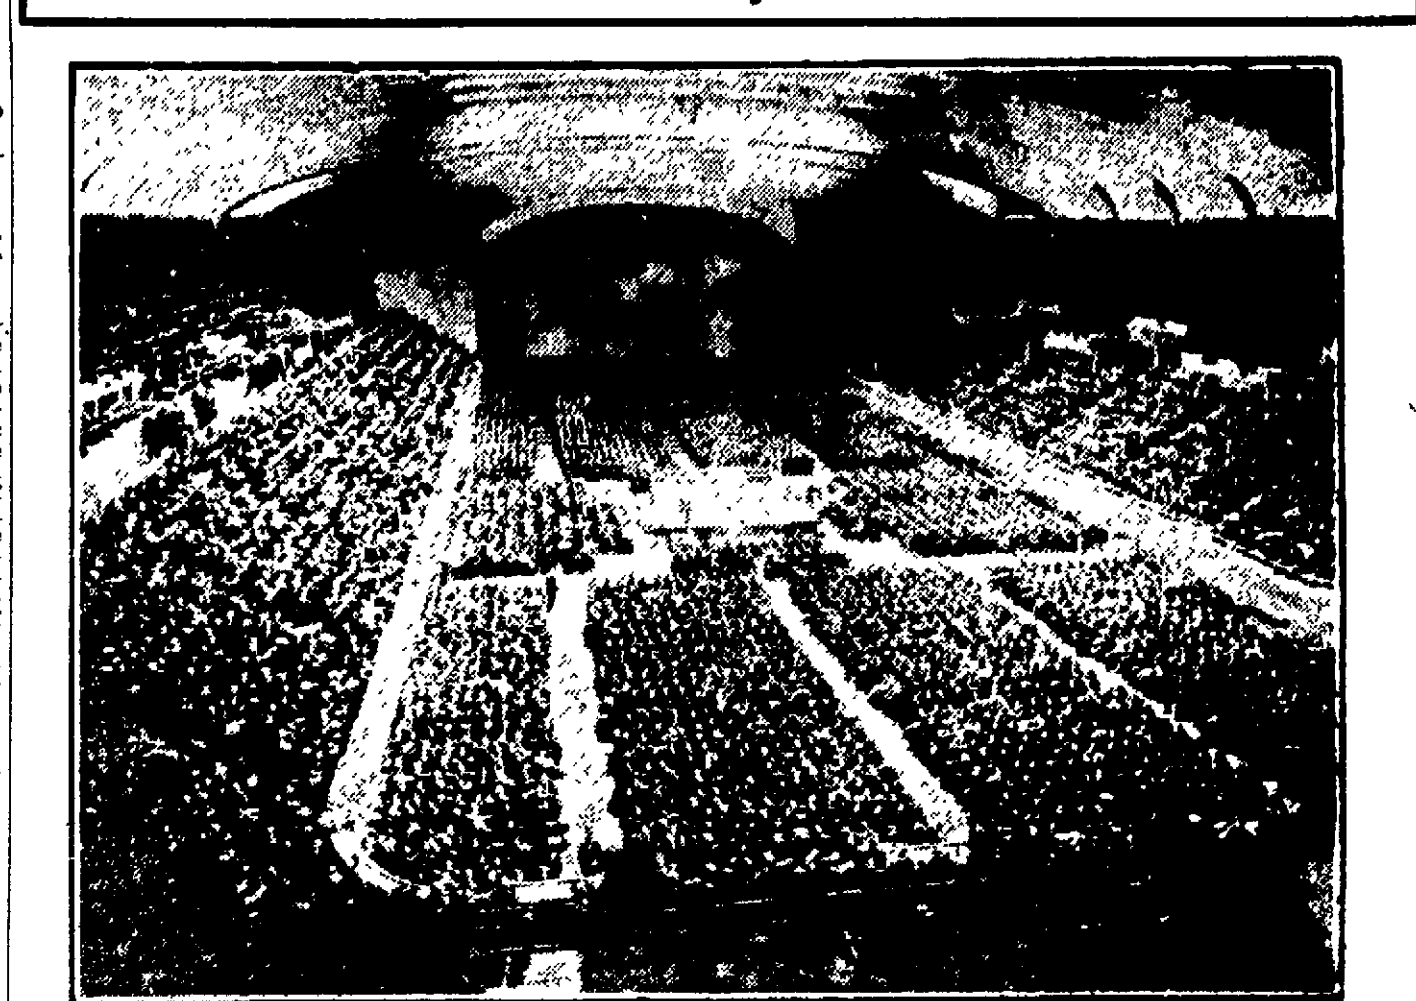

MATSON RESIGNS.

(By The Associated Press.)
WASHINGTON, Nov. 21.—The resignation of Francis G. Matson as deputy commissioner of health was announced today. He will retire December 1 to enter private law practice here and in New York.

GARVER INELIGIBLE.

(By The Associated Press.)
BUCKHANNON, W. Va., Nov. 21.—John E. Garver, veteran tackle on the West Virginia football team, was declared ineligible to compete in college athletics during the remainder of the year by a ruling of the athletic board yesterday. Garver was charged with having played with another team during the collegiate season.

WHERE REPUBLICANS MAY MEET

If the Republican National Committee decides to hold its 1924 presidential nominating convention in Cleveland, this is where the delegates will meet and choose their candidate. Photo shows an interior view of Cleveland's mammoth public auditorium. It has a seating capacity of 12,500 and facilities for accommodating a few thousand more. In addition, it has dozens of committee rooms where caucuses might be held.

Only Fragment of Facts Cleaned By Public Hearings

(Continued From Page One.)
business sessions during the next three weeks. There also will be conferences of officials of the bureau for further study of ways and means of bettering the service to the world war veterans but despite the enormous task ahead of it the committee hopes to have its report ready for the Senate by December 15.

There probably will be several public sessions for the admission to the record of reports on other data and it may be that Mrs. Katherine Mortimer of Philadelphia will be heard at one of these in response to her request that she be given a public hearing for discussion of the testimony of her husband, Elias H. Mortimer, principal witness against former Director Charles R. Forbes and her uncle and aunt, Mr. and Mrs. J. M. Williams, of Philadelphia. The committee will not pass upon her request until next week, but it was decided to comply with her wish that her testimony at a private session of the committee be made public.

The date of its publication, however, remains to be determined. The investigation of the committee has been assisted by the field organization of more than 1,000 persons, including doctors, lawyers, business men and former service men, which was headed by General O'Ryan. Commenting upon the work of this organization, General O'Ryan in his closing statement, to the committee, declared the reports of those men can be relied upon "both as to accuracy and disinterestedness."

An unusual feature of this investigation, General O'Ryan added, "is the practice that has been obtained by which the present director, Frank T. Hines and counsel, held weekly conferences relating to determining the course of investigation. It was in the interest of the disabled and the government that as soon as possible practices should be corrected without waiting the formal report of the committee. By this co-operation, supplemented by the vigorous action of General Hines, a great many practices and abuses have been corrected during the past five months."

"At the outset of this investigation it was stated to me that no political consideration would affect the investigation and that I might have free rein to prosecute it vigorously and without regard to persons or interests. That assurance has been made good 100 per cent."

Chairman Reed, in responding, declared that "the committee, the Congress and the country at large ought to feel very grateful to these men (the volunteer workers) who have given their services free and without any recognition by name. They have served vigilantly promptly and faithfully."

Addressing General O'Ryan directly, Senator Reed added: "I desire also to give public recognition to the very remarkable capacity for organization which you have displayed in this work. And cannot testify too highly to the patriotism and far-sightedness with which you have performed your task."

Announcing that to date the committee has expended less than \$15,000 of the \$20,000 appropriation, which the Senate voted to it, Senator Reed said he thought the committee "can fairly claim that there was no waste of money on our part while we were investigating the waste of public funds."

General O'Ryan in referring to a charge that R. C. Rousen, an official of the bureau, had withheld papers from the committee investigators, told the committee that he believes Mr. Rousen had no intention of obstructing the work of the committee, "although that was to some extent the result of his actions."

FURTHER ADVANCES IN FOREIGN CURRENCY

(By The Associated Press.)
NEW YORK, Nov. 21.—Continued favorable news for the Paris conference over the German situation resulted in further advances in foreign bills at the opening of today's foreign exchange market.

Demand sterling was quoted at \$4.35, an advance of 2-3/4 cents over yesterday's final figure. French francs moved up 7 points to 241 cents and British pounds jumped 17 points to 27.85 cents.

WONT ACCEPT NOTES ISSUED BY TOWNS AND RAILWAYS

(By The Associated Press.)
LONDON, Nov. 21.—The German Reichsbank, beginning tomorrow, is reported here, will not accept notes issued by towns and railways. This is expected to result in a sharp drop in the supply of intermediary currency.

Better service and lower fares will be the result of the new regulations, it is expected.

Virginia Survey Shows Wholesale Business Better Than Last Year

Wholesale trade generally is distinctly better than it was a year ago, tobacco being sold heavily and at good prices, a better apple crop than was expected earlier in the year has been picked and there has been a general increase in industrial employment, according to a report on statewide business conditions received by H. O. Jones, local manager, of the Chesapeake and Potomac Telephone Company. The survey is a compilation of trade reports from all sections of Virginia prepared by Division Manager C. H. Weyer, Richmond.

Improvement in wholesale trade is due to increasing confidence on the part of retailers, the survey states. There are now more willing to back their judgment of what is ahead than they were last year and they have increased their orders. Compared with last year at this time, stocks are generally much larger although purchases have been made very conservatively, it is stated.

Retail trade has been somewhat handicapped by the unusually warm weather, but cumulative sales since August 1, 1922. Collections are generally better than in the previous month and a year ago. Transportation facilities on all the railroads have been generally improved. Food prices remain practically unchanged. Milk has been advanced one cent a quart in Richmond.

Apple picking has been completed and large shipments are being made daily. The quantity and quality of fruit is much better than has been expected, the actual crop running far over the early estimates. The commercial crop this year is 1,797,000 barrels, which is 697,000 barrels more than last season.

Tobacco sales have been heavy.

Argue Right of Nat'l. Banks to Have Branches

(By The Associated Press.)
WASHINGTON, Nov. 21.—The right of national banks to establish branches was argued today in the Supreme Court by the First National Bank of St. Louis against the State of Missouri.

The controversy had attracted wide attention. The federal government intervened, contending that the right of national banks to establish branches should be maintained. A number of national banks on the other hand, joined in supporting the contention of the St. Louis bank that the states are without authority to prohibit branch banking by national banks. Eighteen states joined Missouri in asserting the right of the states to enforce such a regulation.

The federal government also rendered judgment over matters in the argument of national banks and national banks concerned in the case argued the court it was vitally important that uniformity such as that obtained by federal laws be assured. The states insisted that unless their rights to regulate establishment of branches of national banks was recognized their laws prohibiting such a practice by state banks would be an unbearable burden upon the state institutions and would eventually drive them out of business.

250,000 Are Rich Enough In England to Feel a Levy Now

(By The Associated Press.)
LONDON, Nov. 21.—About 250,000 persons in Great Britain, it is estimated, have fortunes large enough to be touched by the capital levy proposed by the labor party, according to a statement issued by the party today.

Fortunes of 5,000 pounds sterling would be exempt and 5,000 pounds of every estate exceeding that amount would also be free. The proposed scale of the levy increases progressively from five per cent. on fortunes over 5,000 pounds sterling to sixty per cent. on those exceeding 1,000,000 pounds sterling.

The owner of capital amounting to, but not exceeding a million pounds, would suddenly find himself deprived of more than half the wealth he has, if a 1,000,000 pounds would be taxed at the rate of 50.3 per cent.

LYNCHING TORACCO AVERAGE PRICE DROPS

(By The Associated Press.)
LYNCHBURG, Va., Nov. 21.—Sales of dark leaf tobacco on the open market here during the past week aggregated 311,000 pounds. Many farmers here are anxious in their last cuttings, which lower the average price, but this ran up to \$20 for the week.

The demand for tobacco was never better and grades bringing fine prices. The market is in full swing with buyers in attendance upon the sales.

The sales for the season so far have aggregated 825,904 pounds.

REV. B. M. THIPLE RESIGNS.

(By The Associated Press.)
NEW YORK, Nov. 21.—The resignation of the Rev. B. M. Thiple, president of the College International at New York, has been accepted by the board of foreign missions of the Methodist Episcopal church here in session here. Action on the resignation was deferred to the board's next session.

3,462 Autos Are Listed In County

There are more automobiles assessed for taxes in Pittsylvania county than any other county in Virginia, according to the state auditor of public lands, C. Lee Moorehead, who has made up a compendium of automobile figures. Pittsylvania is the largest county in the state and it has 3,462 machines. Augusta county coming next with 3,381 machines. In connection with the figures which show the state with 121,667 as of February with an assessed value of \$29,560,314 it is explained that there are more motor vehicles than this in Virginia, but the difference represents the machines listed by corporations as capital.

There were two and one-half times as many in the counties as in the cities. The counties had 91,897, and the cities, 38,970. The assessed value of the city cars, was almost as great, however, as that of the counties, the first being \$13,719,578 and the second \$16,846,737.

Richmond had more than any other city with 2,591. Williamsburg, the next city in Virginia, had 187, and Hopewell, the youngest, had 154.

The leading counties with the number of motor vehicles assessed there were: Pittsylvania, 3,462; Augusta, 3,381; Rickingham, 2,855; Arlington, 2,809; Fairfax, 2,289 and Accomac, 2,192.

Buchanan stood lowest with, but forty-six motor vehicles and Dickenson came next with twenty-eight.

Yeggmen Will Be Tried at Raleigh

Deputy Marshall F. R. Brown has returned from a visit to neighboring counties where he has been summoned to assist in the federal court in Raleigh, N. C., where the Oxford Postoffice robbery case which took place about three years ago will be tried for a second time on December 10.

The cases docketed as United States vs. William Bates and others. The three defendants were tried some months ago but the jury was hung. The government is understood to be making a determined effort to convict the men who are believed to have been responsible for other safe blowings. The witnesses summoned are said to be men who saw the alleged yeggmen in the vicinity both before and after the safe blowing. The men now accused made their escape after the affair but were captured in San Francisco about a year ago and removed to New York. In the metropolis they again succeeded in making their escape but they were caught again and are now in Raleigh jail. Several thousand dollars in stamps, liberty bonds and Savings Stamps and money was stolen from the blown safe.

American Legion Outlines Program For Next Congress

(By The Associated Press.)
WASHINGTON, Nov. 21.—At the request of President Coolidge, officials of the American Legion have sent to the White House a comprehensive statement outlining the organization's legislative program for the coming session of Congress.

The statement embodies the legislative proposals endorsed by the Legion at its last national convention, including a bonus bill, a measure for an automatic "conscription" of manpower and industry in time of war, an authorization for retirement pay for emergency army officers, centralization of all veterans legislation in a single bill, and both Senate and House, and numerous amendments to the present law governing the administration of Veterans affairs generally.

Government Stern In Its Attitude Towards Bergdoll

(By The Associated Press.)
WASHINGTON, Nov. 21.—Promises that Grover Bergdoll will return to this country from Germany if the Washington government complies with certain stipulated conditions said to amount to virtual immunity for him, have been made to government officials by attorneys and others speaking for the Bergdoll family. These offers the government has declined. Officials declare they can enter no compromise agreement, but must insist upon a free exercise of their powers in the event the draft evader ever is captured or returned to American jurisdiction.

Officials declined today to tell what terms had been asked by those interceding for Bergdoll but admitted that offers had been received since Mrs. Emma Bergdoll, mother of the escaped man, returned to this country recently from a visit in Germany. Mrs. Bergdoll announced at that time that she would cause her son to return and "take his medicine" but she also is understood to have asked the government to comply with conditions of an impossible sort.

All Men Talkers Co-Eds All Agree

(By The Associated Press.)
CHICAGO, Nov. 21.—University of Chicago co-eds, meeting to discuss men, dances, parties and proper introductions, decided that "all men are talkers; some of them serious and dull; some of them funny and dull, and others trivial and dull."

A movie with the right man is more desirable than grand opera with a "sop," said the girls. They expressed themselves in favor of three dates a week, preferably theater dates. Two shows were regarded as better than one theater-and-supper date.

And if the man is interesting, I want him all for myself," said one co-ed. "But if he is tiresome, I don't want anybody to see me with him."

RHEUMATICS

Throw away your crutches, use Rheuma and walk without agonizing pains and stiffness, says Patterson Drug Co., who sells this great rheumatic remedy on the no-cure-no-pay plan.—adv.

250,000 Are Rich Enough In England to Feel a Levy Now

(By The Associated Press.)
LONDON, Nov. 21.—About 250,000 persons in Great Britain, it is estimated, have fortunes large enough to be touched by the capital levy proposed by the labor party, according to a statement issued by the party today.

Fortunes of 5,000 pounds sterling would be exempt and 5,000 pounds of every estate exceeding that amount would also be free. The proposed scale of the levy increases progressively from five per cent. on fortunes over 5,000 pounds sterling to sixty per cent. on those exceeding 1,000,000 pounds sterling.

The owner of capital amounting to, but not exceeding a million pounds, would suddenly find himself deprived of more than half the wealth he has, if a 1,000,000 pounds would be taxed at the rate of 50.3 per cent.

Teacher Must Quit Smoking Or Lose Her Job

(By The Associated Press.)
SECAUCUS, N. J., Nov. 21.—Mrs. Helen Clark, a primary school teacher, is on probation for smoking. The board of education notified her last night at a hearing that unless she "reformed" she would lose her job. Her landlady testified as to the smoking.

HOMEOPATHIC ASSN MEETS

(By The Associated Press.)
WASHINGTON, Nov. 21.—Preliminary activities occupied delegates here for the opening tonight of the 24th annual convention of the Southern Homeopathic Medical Association.

District Deputy To Visit Elks

Randolph H. Perry, of Charlottesville, district deputy grand exalted ruler of the B. P. O. Elks, will pay his official visit to Danville Lodge at the regular meeting tomorrow night. He is the personal representative of grand exalted ruler, James O. McFarland, of Watertown, S. D., for the western half of Virginia and is on a tour of inspection and visitation to all the subordinate lodges in his district.

Mr. Perry will be received with grand lodge honors and after the performance of his routine duties will address the members on matters of interest to the Order. The meeting will be held at 8 p. m., the usual hour, and a large attendance is expected from the city and adjacent towns in the local jurisdiction.

OFTEN USEFUL IN BIG FAMILY

Black-Draught Proves Valuable Remedy for Liver and Stomach Troubles, Says North Carolina Parents.

Leland, N. C.—"I will write in regard to Black-Draught liver medicine, as I have been using it more than eighteen years," says a letter written from this place by Mr. S. F. Minz of R. P. D. 2. "I keep it in my home all the time, for it is mostly our family medicine. When we begin to feel feverish or sluggish, with trouble from the liver or stomach, we take a dose of Theodor's Black-Draught and the trouble is soon over. I mostly buy a dollar package at a time, and it has saved me many a bill."

Mrs. Minz says she takes Black-Draught for colds and biliousness. "It is a low country where we live," she says, "and in the spring when I get up feeling sluggish and ache, nothing else will do. I know my five children need to act and I use Black-Draught and very soon I am feeling just fine."

I have eight children and we make tea from Black-Draught for them when they have colds. For more than 80 years, Theodor's Black-Draught has been a popular, standard remedy for simple liver, stomach and bowel troubles. More than one million packages are now sold per annum, as a result of its proven merit.

Thedford's BLACK-DRAUGHT LIVER MEDICINE

Refuse imitations! Insist on Thedford's Black-Draught Liver Medicine.

Good Stomachs For Both Old and Young

A good stomach means a contented life. A poor one means a life of misery and meanness, for the stomach sufferer finds it hard to "keep smiling."

Of course there are errors of diet and the follies of gluttony, to be reckoned with, but it is rare that a stomach sufferer is guilty of either, for his suffering makes him careful of both kind and quantity of food. Chiropractors have found in cases of acid stomach, trouble that indigestion is accompanied by tight, tender and inflamed nerves near the spinal opening for nerves to the stomach. By chiropractic spinal adjustments this condition is restored to normal and the natural flow of life energy over the nerve lines brings back the normal digestive vigor of the stomach.

Housewife Relieved Of Living On Baby Foods.

"I had to live on Mellins Food. My stomach refused all solid food. I was nervous, restless, constipated and unable to sleep. An operation was advised, but I went to a Chiropractor instead and got good results from the beginning of his adjustments. I eat and sleep and work and am healthy now in every way."—Mrs. Hannah J. Allnut, Chiropractic Research Bureau, statement No. 1277-R.

GIVES MEANING OF EUTHENICS

(By Chicago Tribune Service.)
CHICAGO, Nov. 20.—Euthenics, a modern substitute for the venerable platitudes that "woman's place is in the home," may yet save the world from chaos. If planist Vassar College are realized.

President Henry N. McCracken, of Vassar, addressing a meeting of the alumnae here, declared that euthenics means that woman's best work still lies in the home, but not in cooking, washing, sewing and other drudgery. It is the art of making the best of the world as it is, and that cultured women, graduates of colleges and universities, may through their influence in their own homes and the community, direct the leisure time of their husbands and children along more cultured lines.

Vassar hopes to establish a course in euthenics, but the plan has scarcely passed by the faculty. Instead of a department of euthenics, the school is studying of the sciences which make the environment more pleasant, not only of the home, but of the community as well. It would include city planning, community organization, nutrition, sanitation, civics, art, mental, physical and social hygiene and all kinds of psychology.

The obstacle in the path of the immediate adoption of the plan lies in the necessity for a half million dollar endowment fund for its establishment and much investigation and study as to how to best introduce the new course.

Keeping Millions Free From Colds and La Grippe

W. H. HILL'S LIFE WORK

Colds cause more illness than any other human ailment. Realizing this 50 years ago, W. H. Hill determined to develop a quick-acting scientifically correct cold and la grippe remedy.

Years of research brought success. Mr. Hill discovered a most remarkable formula. He backed it with energy, faith, integrity and name that meant "satisfaction or money back."

Today more than 4,000,000 families—one-fifth of America's population—use and recommend Hill's Cascade Bromide Quinine.

The formula has never been changed in a quarter century. What Hill has done for millions, it can do for you. Demand red box bearing Mr. Hill's portrait. All druggists 30 cents.

CASCADE BROMIDE QUININE

W. H. HILL CO. DETROIT, MICH. (INC.)

Physical Health means Beauty!

HEALTH and beauty go hand in hand. Where the system is run down—the face drawn and haggard—the body limp and lifeless—beauty is missing. Looks of pity supplant those that might have been gazes of admiration.

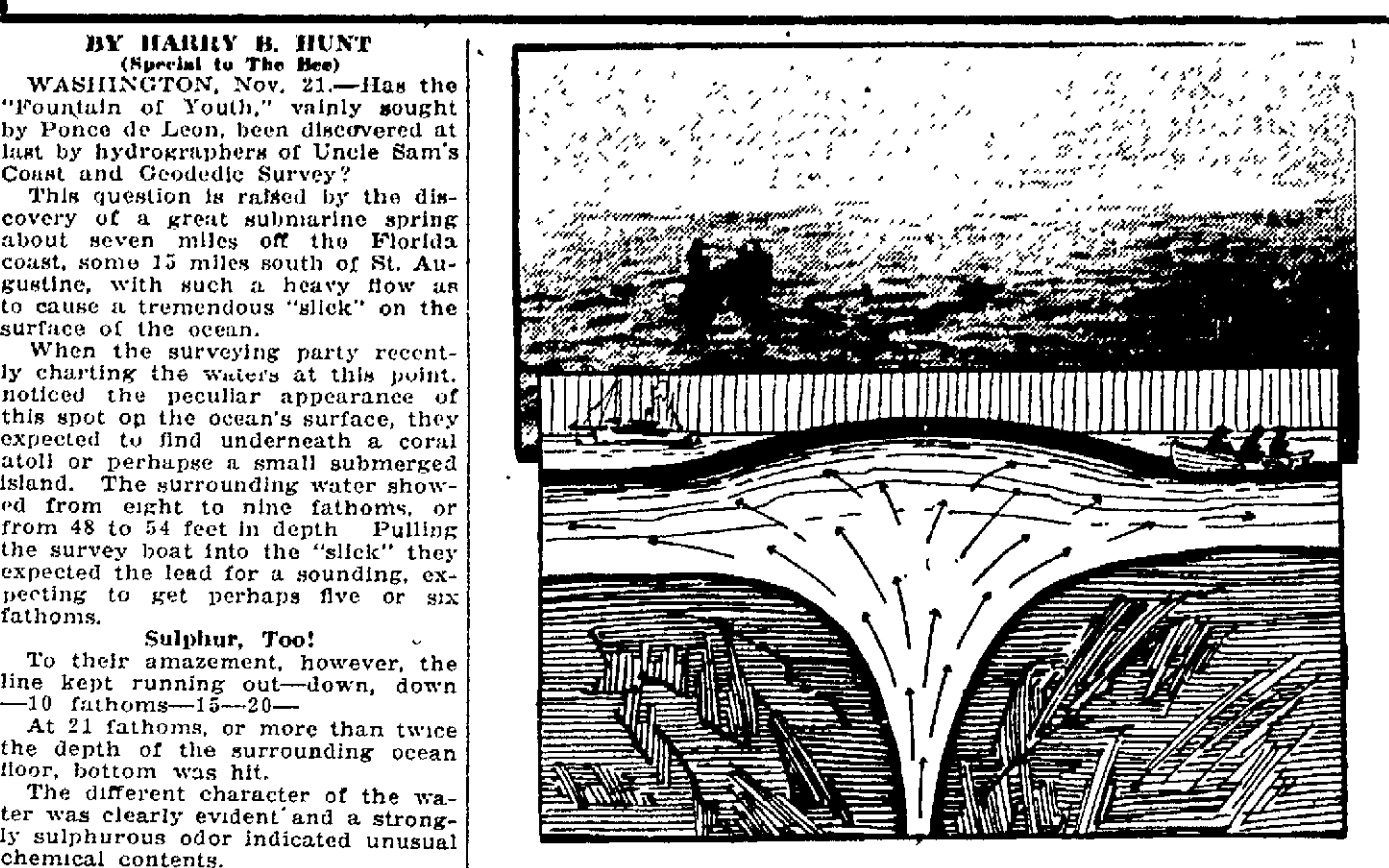

Restore four health and beauty—take care of yourself. S. S. S. is the rich blood builder—rekindles the spark of health and lights the blaze of beauty by building red blood cells. The nerve power of your system finds life in these very blood cells. Build more red blood cells and your nerve power will increase. S. S. S. builds them. Rich blood will tingle through your system. That lost charm will return. Your entire system will be repaired. You will be ready to cope with the impurities and blemishes that handicap beauty.

As physical health means beauty, so, too, does S. S. S. mean beauty. For S. S. S. means systems that are free from impurities—pimples, blackheads, acne, boils, eczema, rheumatism. S. S. S. and good health go hand in hand.

S. S. S. is made of pure vegetable ingredients. It is sold at all good drug stores. The large size bottle is more economical.

S.S.S. Makes You Feel like Yourself Again

AH, MAYHAP 'TIS FOUNTAIN OF YOUTH

WASHINGTON, Nov. 21.—Has the "Fountain of Youth," vainly sought by Ponce de Leon, been discovered at last by hydrographers of Uncle Sam's Coast and Geodetic Survey?

This question is raised by the discovery of a great submarine spring about seven miles off the Florida coast, some 15 miles south of St. Augustine, with such a heavy flow as to cause a tremendous "slick" on the surface of the ocean.

When the surveying party recently charting the waters at this point, noticed the peculiar appearance of this spot on the ocean's surface, they expected to find underneath a coral atoll or perhaps a small submerged island. The surrounding water showed from eight to nine fathoms, or from 48 to 54 feet in depth. Pulling the survey boat into the "slick" they expected the lead for a sounding, expecting to get perhaps five or six fathoms.

Sulphur, Too!

To their amazement, however, the line kept running out—down, down—10 fathoms—15—20—

At 21 fathoms, or more than twice the depth of the surrounding ocean floor, bottom was hit.

The different character of the water was clear and bright and a strongly sulphurous odor indicated unusual chemical contents.

On orders of W. E. Parker, chief hydrographer, specimens of the water will be taken from the bottom of the spring, before they have had a chance to mingle with the salt of the ocean water, and sent to Washington where they will be turned over to the Smithsonian Institution for study and analysis. Specially made cylindrical bottles, open at both ends, will be dropped to the spring's bottom. These are made so they remain only the water admitted at the maximum depth.

Ponce's Old Spring.

Since the "official" finding of the spring, old fishermen along the coast

M'Adoo Forces Claim a Victory In North Dakota

(By The Associated Press.)
SIOUX FALLS, N. D., Nov. 20.—A sweeping victory for the supporters of William G. McAdoo was claimed tonight by W. W. Howe, Democratic state chairman on the basis of returns from the county proposal conventions held throughout the state today.

At the same hour F. H. Hildebrandt of Watertown and Eric Ellison, of Sioux Falls leaders in the fight to pledge delegates to the state convention for Henry Ford, issued a statement claiming four full counties and scattered individual delegates yielding a total convention vote of approximately 8,000.

"Returns from 19 counties representing 23,815 votes out of a total of 30,408 in the state convention, make the McAdoo victory a certainty by better than two to one," Howe said in claiming the state proposal convention majority.

The Democratic meetings generally named uninstructed delegates, though several counties went on record with specific orders to their representatives. Tripp and Hamline counties instructed their delegates to support the Democratic and Farmer-Labor conventions issued a joint endorsement of F. H. Hildebrandt, president of the South Dakota Ford-for-president club, for the congressional race. In Spink and Brookings counties the delegates, while uninstructed, were claimed by the Ford Democrats, who also listed in their forces party representatives from Lincoln county. All of the claims, some of which are denied by the McAdoo men, would give the Ford delegates a representation about equal to one sixth of the state voting power.

Scattered returns from the Republican county meetings indicated that the majority of the conventions, in all of which the contest for delegates was between supporters of President Coolidge and Senator Hiram Johnson of California sent uninstructed delegates to the state meeting.

In the Farmer-Labor conventions the Ford candidates were endorsed in two counties, the remainder reporting up to midnight naming uninstructed delegates. Three counties adopted resolutions urging a third party presidential ticket, but without stating a choice for the nomination.

TABER IS ELECTED

PITTSBURGH, Nov. 20.—Louis Taber, of Barnesville, Ohio, was elected national master of the National Grange at today's session of the annual convention here.

Meet for First Time in 60 Years

SALT LAKE CITY, Utah, Nov. 21.—The Dalton brothers—A. A. and Joseph A., both well above the 50 mark—are just beginning to get acquainted.

Although they always have lived only a few miles apart, they met for the first time the other day.

And here is how the reunion was effected.

R. J. Alder, a Salt Lake salesman and brother-in-law of Joseph A. Dalton, 65, of this city, was out in Sandy, a Salt Lake City suburb, calling upon prospects. And one of those he happened to see was A. A. Dalton, who admits 65 years.

Snouday Morning

Alder asked Dalton of Sandy if he was any relation to Dalton of Salt Lake City. And Dalton of Sandy ventured that he did have a brother named Joseph A. Dalton, whom he never had seen.

"Maybe the Salt Lake Dalton is my brother," he said.

"Well," replied Alder, "he's my brother-in-law."

Alder arranged the meeting if occurred during the snouday court session while Joseph A. Dalton was serving on a jury.

Few Railroad Then

Here is the story Joseph had to tell:

"My sister was keenly disappointed when I was born, because I wasn't a girl. She thought I would be a girl and could rear me. In 1875, when she moved to Montpelier, Idaho, she took me with her."

But his brother's story was even briefer.

"When I was a baby," he related, "Father moved to Springfield and took me along. I grew to manhood in that part of the state, and afterward moved to Sappho, Idaho."

Nobody traveled much those days, for we had to depend almost entirely on horses and oxen, for there were few railroads. So I guess that's how we lost trace of each other.

But now the Dalton brothers are making up for lost time. They are visiting one another just as often as they can.

McAdoo Favorite In South Dakota

His Nomination a Two to One Certainty, as Result of Conventions Held in 69 Counties Yesterday.

(By The Associated Press.)
SIOUX FALLS, S. D., Nov. 21.—When the state conventions of the three parties in South Dakota—Republican, Democratic and Farmer-Labor—met in Pierre, December 4, uninstructed delegations will choose the presidential nominees in the Republican and Farmer-Labor meetings while nominating of Wm. G. McAdoo, as Democratic standard-bearer, appears assured as a result of the conventions in each of the state's 69 counties yesterday.

Nineteen counties, representing 23,825 votes, endorsed the candidacy of Mr. McAdoo in the Democratic county conventions and in the opinion of W. W. Howe, state party chairman, made his nomination a two to one certainty.

Four full counties, which, with scattered delegations, carry a vote of about 8,000, came out for Henry Ford to lead the Democratic ballot, according to statements made by Eric Ellison, of Sioux Falls and F. H. Hildebrandt, of Watertown, who led the campaign to nominate the automobile manufacturer. The votes claimed for Ford, some of which are contested by McAdoo adherents, would give the Detroit man about one-sixth of the Democratic votes of South Dakota.

President Calvin Coolidge and Senator Hiram Johnson, of California, were the only presidential nominees considered at the present Republican conventions, yet most of the county delegations were uninstructed. The president received instructed votes from four counties and a fifth endorsed the national administration. Three counties, including two of the largest in the state, came out for "Vote for the state."

Other conventions instructed their delegates to vote for State officials active in the Johnson cause.

Ford was endorsed in two counties under the Farmer-Labor banner, other and party counties from which reports have been received sending their delegations uninstructed. Three counties passed resolutions favoring formation of a third party but without naming a candidate.

Since two county democratic conventions endorsed proposals for coalition between the third party and the Democratic question is expected to be a lively one at Pierre.

ENGLISH AND FRENCH KING FIGHT AGAIN

(By The Associated Press.)
CALAIS, Nov. 20.—The king of England and the king of France are fighting again. They are fighting in the ancient clock-tower, so arranged as to just with lances in fierce combat when the clock strikes noon each day.

This mechanism was damaged early in the war by a German shell, whereat the population of Calais exclaimed "miracle."

Now a clock maker has repaired the machinery so that daily assault takes place between the two representatives of the allies, just at a time when the reparation controversy is at its bitterest.

Cynically, the people of Calais shrug their shoulders and say "that's the end of alliance."

5 SERVICE MEN HURT IN BLAST

BALTIMORE, Nov. 20.—Five service men were injured by the explosion of several hand grenades at the United States army ordnance depot at Curtis Bay this afternoon. The men, all suffering from lacerations and contusions were taken to the post hospital at Camp Meade, where it was said tonight that none was dangerously wounded.

Corporal Edward V. Whitlock of Baltimore was reported to be the most seriously hurt. His face was badly lacerated.

Neither buildings were shaken by the explosion and windows broken.

LOOK FOR GREAT HOLIDAY BUSINESS

By PAUL C. HEDRICK
SEATTLE, Nov. 20.—Local merchants are confident of a great holiday business, surpassing all records since the winter of 1913-24. Judging from the displays already arranged, the stocks are ample to meet an exceptional demand. There are abundant signs that Christmas buying will be done early. This is supported by the willingness to buy shown by workers who are generally well employed. Labor conditions show a decided improvement.

The crowd will be at the Burton for supper. 11-20R&B21

BACK TO THE OLD PEP!

Former Philippines Veteran Restores His Vitality Through Use of Paw Paw

After serving in the United States Army for six years in the Philippine Islands, Edward Johnson, 306 Lehigh Avenue, Allentown, Pa., returned to this country failing in health.

"I lost weight, strength and ambition," he says. "I would awake and feel as tired as when I went to bed. I felt dizzy, dull and stupid. I had continual headaches and a sensation as of falling. I doctored for the liver and took many remedies.

"I saw the Paw Paw demonstration and took a bottle of the Tonic. I certainly was surprised at the difference in the way I felt while taking that first bottle of Paw Paw Tonic. I kept right on taking it and now I feel like I used to feel. Back to my old pep! I think I am gaining my youth again. I think Paw Paw Tonic is the greatest remedy in the world and recommend it highly.

Mr. Johnson's wife, the mother of seven children, also speaks highly of Munyon's Paw Paw Tonic, saying it is just what every woman who is tired and run down needs. Are you in a nervous, debilitated condition? Do you eat and sleep badly? Have you lost your former pep? Try Munyon's Paw Paw Tonic. It has put hundreds of thousands back on their feet and one bottle may be worth thousands of dollars to you. It costs only \$1 at any first-class drug store. Buy a bottle today.

100,000 Applications for Seats at Army-Navy Game Saturday Returned

(By The Associated Press)
NEW YORK, Nov. 21.—One hundred thousand mailed applications for seats at the Polo Grounds Saturday when the Army and Navy hold their annual gridiron classic have been returned by the New York National Baseball Club, operators of the park, because all seats are sold.
Twenty-nine thousand tickets were received each by the Army and Navy for distribution and the operating company retained the remaining 7,000 which it sold to patrons of the baseball club. Virtually all hotel accommodations and theatre tickets for the week-end have been taken in addition to reservations at the after-theatre cabarets and mid-night rendezvous.
Both teams went through stiff practice sessions yesterday, the Army men at West Point doing the latter part of their work by the glare of arc lights and punting with the aid of huge searchlights. It was reported from the plains today that Coach McEwan plans to start with his lineup:
Ends, Baxter and Doyle; Tackles, Mulligan and Goodman; Guards, Ellinger and Farwich; Center, Garbisch; Quarterback, Smythe; Backs, Wood, Gilmore, Hewitt, or Ives.
Injuries have forced Coach Follwell at Annapolis to shift his men and a lineup has not been decided upon. For the first time in 3 weeks all the members of the squad except one were on the gridiron yesterday, four of the injured list receiving special attention.

Ty Cobb On Trail Of Second Sacker

PHILADELPHIA, Nov. 21.—Second Baseman Jimmy Dykes of the Athletics for Outfielder Bob Veach of Detroit, is the very latest rumor from the house of Mack. Ty Cobb would welcome Jimmy Dykes and Connie Mack no doubt could make much use of Bobby Veach in his rather unsettled outfield.
Detroit, if it is to get anywhere in the American League race next year, must have an experienced second baseman. Detroit finished second last season. Now Cobb has nothing but first place to shoot at if he is to improve the standing of his club. The mediocre play of the several players

BOBBY VEACH JIMMY DYKES

who held down that bag for the Tigers last season will not do for next year if Detroit is to be in the pennant hunt.
Derrill Pratt who was secured in the trade with Boston failed to deliver Cobb when he made the deal figured Pratt had a couple of good years ahead. His play last season proved that he had passed the peak of his game. The Tigers simply must have a seasoned second baseman and no one realizes it better than Cobb. Jimmy Dykes, who has much natural ability, was rather disappointing to Connie Mack last season. Bob Veach did little more than warm the bench for Detroit. Cobb feels that he can part with the bucket may be the same about Dykes. Yet such a change might wonder for both clubs and players.

CONTROVERSY IN FRANCE FOLLOWS NAMING HORSE

(By The Associated Press)
PARIS, Nov. 20.—The selection of Epinard, Pierre Wertheimer's crack three-year-old, as the representative of France in the international cup race to be staged at Longchamp next May is causing some controversy.
There is a contention in some quarters that M. Wertheimer's horse should not be allowed the unquestioned supremacy of the French turf without elimination trials and partitions of Niveus, Checkmate, Massine, L'Capucien and Filibert De Savoie, are asking that these fleet runners be given a chance to challenge Epinard's claim.
M. Wertheimer refuses, however, taking the stand that he was invited to enter Epinard and has accepted.

ARMY FOOTBALL SQUAD TRAINS IN LIGHTS' GLARE

(By The Associated Press)
WEST POINT, N. Y., Nov. 20.—Army football squad drilled for two hours this afternoon, the practice, by aid of electric searchlights and arc lights, extending full into the darkness before the coaches called a halt.
Cadets meet the Navy at the Polo Grounds in New York Saturday for the final game of the season. Army is nursing very carefully one of its star players, George Smythe, quarterback, who was hurt in the Arkansas Aggies game ten days ago.
Food should not be allowed to stand for even a short time in a galvanized iron bucket as some of the zinc coating of the bucket may be dissolved and zinc poisoning result from eating the food.

V. M. I. Alumni News Is Just Off the Press

LEXINGTON, Va., Nov. 20.—Having played eight of the nine games this season, the V. M. I. Flying Squadron was given a complete rest Monday and Tuesday before starting the hard grand leading up to the Thanksgiving Day game in Roanoke. The Cadets entertain the deepest respect for the prowess of the V. P. I. Gobblers and nothing will be left undone by coaches or players in the effort to earn the decision over the Techmen.
The Cadets emerged from the battle with Tennessee at Knoxville with only the usual bruises and muscle soreness, and Blancy Clarkson and Bill Roferty expect to put their full strength on the field against V. P. I. This will be the case unless injuries occur during the latter part of the week in the series of stiff workouts culminating in a hard scrimmage Saturday.
Everyone at V. M. I. is satisfied with the game put up by the Cadets against the Tennessee Volunteers. The Squadron's defensive strength was shown by the fact that the Vols were unable to make a first down up to complete one of their eight passes. V. M. I. caused the lineman to move his sticks nineteen times, and gained 501 yards, 256 yards of this total resulting from the completion of 13 passes out of 21 attempted. This sustained attack was the most powerful offensive launched by the Cadets since Virginia was routed by the same number of touchdowns.
Regardless of what either team has done earlier in the season, however, the V. M. I. V. P. I. melee is invariably anybody's game until the final whistle. Realizing this, the Cadets have forgotten the season's record and are putting every thing they have into painstaking preparation for what is always the hardest game on the schedule.

ATHLETIC UNION HEAD ELECTED

(By The Associated Press)
DETROIT, Nov. 20.—Re-election of William C. Prout of Boston as president of the National A. A. U., adoption of a more lenient attitude toward Charles Paddock, and the selection of Atlantic City for the annual convention in 1924, featured the closing session of the National Amateur Athletic Union convention here today.
Lawson Robertson, of the University of Pennsylvania, was chosen to be recommended to the American Olympic as head track and field coach to accompany the Olympic team.
Coach Webb of the army was suggested as boxing coach. Other recommendations are to be made by a committee later.
There is little demand for menageries in Germany, though the collection of wild animals founded by the late Carl Hagenbeck at Stellingen near Hamburg, is still supplying the world with specimens.

WILL ENFORCE RULE AGAINST RING FIGHTER

(By The Associated Press)
NEW YORK, Nov. 20.—The State Athletic Commission today took measures to enforce its ruling that boxers who score knockdowns, must retire to a corner, while the count is being taken, and that the count must be in the form of an addition.
The commission's decision is a direct result of a stipulation that the count be begun or taken unless the boxer is in the farthest corner from his fallen antagonist.
This step is an outgrowth of a controversy stirred up by the Dempsey-Firpo championship fight in which the titleholder failed to retire to a corner after several knockdowns while Firpo also neglected to go a corner after knocking the American champion down in the first round.
The champion's action, however, came in for particular criticism among observers who declared it was guilty of repeated violations of the commission's rule.

This Little World

By MASON DIXON
NEW ORLEANS, Nov. 21.—Pink Allen believes in cleanliness.
"Give a boy a clean shave and a haircut and he's just a natch," he says. "Give a girl a clean shave and a haircut and she's just a natch." As you might guess, Pink is a barber.
When he held the formal opening of Pink Allen's Tonsorial Parlor, new modern, sanitary, six-chair negro barber shop, he did it with prayer.
Captain N. MacNeal, negro Volunteer of America worker, led.
"Men," exhorted Captain MacNeal, "let your lives be free from spots as these mirrored walls. Keep your reputations clean like this shop is clean."
"Mistah Dumbell! Mistah Dumbell!"
Considerable amusement was caused in the lobby of a local hotel when a bellboy, in a loud voice, paged Mr. Dumbell.
Dumbell at the desk revealed that H. T. Dumbell was registered from New York.
The bellboy, after wearing out a dime's worth of shoe leather, confessed that "their owner" to be a "dime's worth of shoe leather," and "guys answer to that moniker."
United States Senator Robert F.

Feels Fine After Taking Three Bottles

The following is a testimonial for Nanzetta's Prescription, given by Mr. J. H. Gunter, a police officer of 649 Wilson Street:

"For some time I suffered with torpid liver. My back and shoulders would ache terribly. One night about a week ago I was very sick from this condition. I had taken Blackberry and Colomel, and other remedies too numerous to mention, and I got no results from any of them. Some one told me that Nanzetta's Prescription was very good for the liver and I got a bottle, and after taking 3 doses it cleared my system up and I have been working ever since, and feel fine."
"J. H. GUNTER."

Nanzetta's Remedies are sold by the following druggists: Frank McFall's, Jacob's Drug Store, Patterson Drug Co., Bendall's Drug Co., Feller Pharmacy Co., Campbell's Drug Co., J. C. McFall's Drug Store, Park Place Pharmacy.

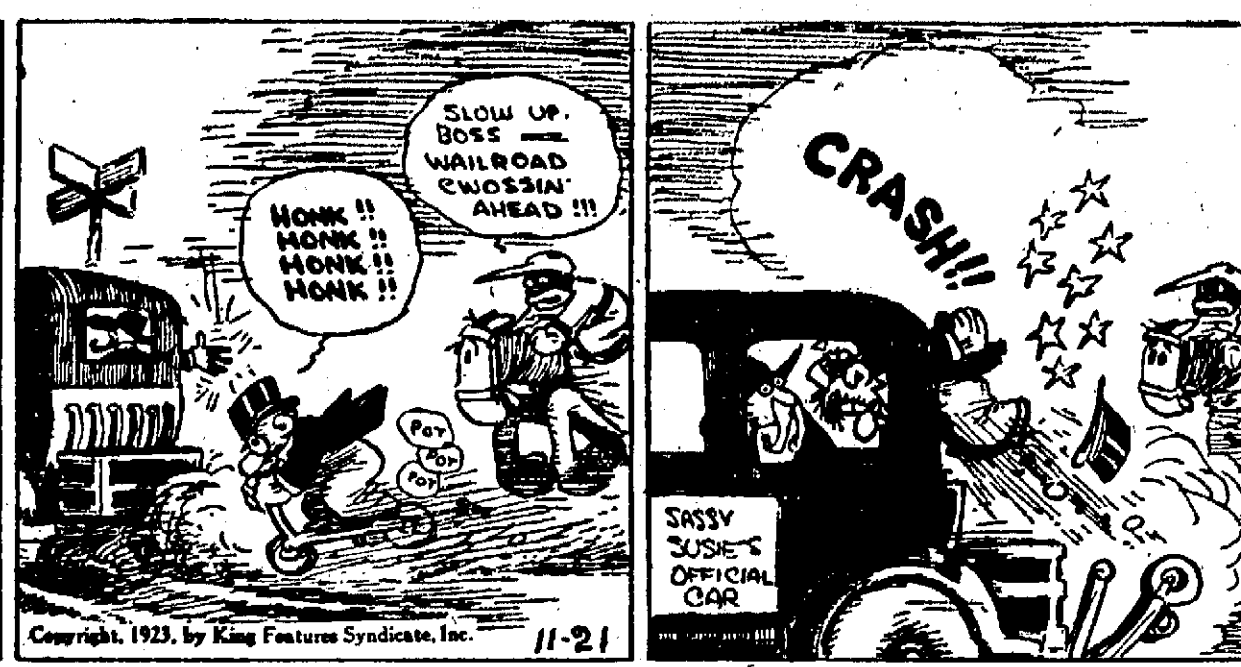

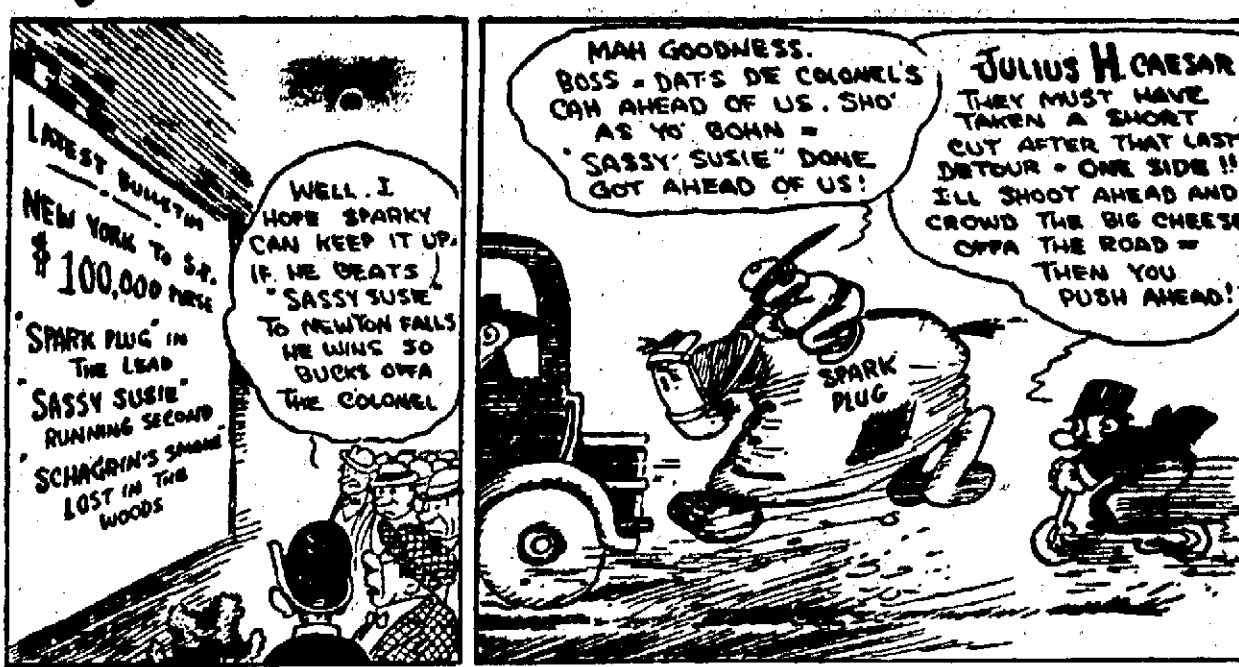

Every druggist authorized by the Nanzetta Medicine Co. to distribute and Nanzetta's Worm Remedy, if they will return the parasites expelled by Nanzetta's Worm Remedy with the same and address on same.

We are Still Giving Free Treatments to all Who Call at Our Office.

Speaking of the Big Three, Yale seems to be all three this year.

Prize fighters use brine to harden their hands. How politicians' heads get that way is unknown.

Apparently the Yale bulldog has quit running around with pomeranians and is back on a diet of red meat.

Zev beat in Memoriam by a nose. Showing what can be done with a nose that has been raised properly and given the advantage of a broad-minded, liberal, democratic training.

Wonders never come singly. Yale goes in for modern football and Bryan refuses to be interviewed.

Thanksgiving is to remind you of the many things you could be thankful for if you had them.

Paris refuses to recognize Mike McTigue. It may be hard for anybody to recognize him if he ever meets Gibbons.

Chorus girls demand more clothes. Well, Lew Dockstader and Neil O'Brien used to be.

Ice horse-racing may be a novelty to some folks, but not to betters who are used to freezouts.

Carpenter thinks he made a mistake in carrying the fight to Dempsey. It probably would have been better if he had carried it to some less ferocious person, at that.

The crown prince carried two tennis racquets when he went back home. Showing that he is ready for any emergency.

Kid Norfolk Easy Winner Over Siki; a Bloody Battle

(By The Associated Press)

NEW YORK, Nov. 21.—Battling Siki, conqueror of Georges Carpentier and former world's light heavyweight champion, came up to expectations as a spectacular performer but not as a formidable fighting machine, in his 15 round match last night at Madison Square Garden with Kid Norfolk, Harlem, negro. Norfolk whipped the singular Senegalese decisively and received the judge's verdict after a bout that was on a side of full of thrills for a crowd of more than 12,000.

After a flashy start, Siki tired rapidly and was battered into a bloody, almost helpless figure by Norfolk's slashing and powerful attack. Norfolk provided far more rugged than the Senegalese, whose boast in France was that he could train on wine and night life in the Mont Martre quarters. The American was sent back at times by the savage stress of Siki's rushes but he never appeared badly hurt and kept up a steady fire of left jabs and hooks that wore down the batter's defense.

Siki's acrobatic antics at the start and courageous, if ineffective, attempts to fight back won him the plaudits of the crowd. A majority of critics, however, agreed that Siki made a far from impressive showing, lacking largely in defensive skill and generalship and possessing no marked punching prowess.

Gridiron Gossip

(Copyright, 1923, by The Bee)
By WALTER CAMP

NEW YORK, Nov. 21.—Next Saturday the last of the really big ones on the 1923 football calendar has a conflict, the same as last year of two great classics—the Yale-Harvard, and the Army-Navy game.

Yale, with a truly powerful team, has a most decided lead this year, and still smarting at the rather unexpected defeat of 1922, will be bitterly disappointed if they do not run up a score something like that by which the defeated Princeton last week. Harvard indeed appears to be in for a trouncing, but the Crimson has come along some in recent weeks and may hold Yale's closer than many Yale partisans think possible.

The Army still looks to be rather stronger than the Navy. Army has the power and the men, and in Smythe and Wood they have as good a pair of backfieldmen as anyone could wish. Garbisch in the middle of the line is a star. The tackles are first class. Navy however, has Carney in the line and some brilliant backfield men to be reckoned with. The Middies are not relying as they did last year on one or two men but have plenty of fresh ones to inject wherever necessary. Lately the Army has had rather slow and ponderous while the Middies have speeded up so that it looks as if the game will be bitterly fought out, as it was last year.

MY OWN BADLY BEATEN IN RACE YESTERDAY

(By The Associated Press.)
BOWIE, Md., Nov. 20.—Hopes of a match race between Zev and My Own on this or any other track this year were blasted when My Own went down to defeat in the Prince George handicap here today. The Grayson colt, a top-heavy favorite, finished sixth in a field of nine. He was never a serious contender and his owner said he would be with the winner for the rest of the season. King Solomon's Seal won in a drive from Dunlin, with Flagstaff third, the time for the mile and one furlong being 1:56-5/8 on the title of second slower than the track record.

The winner was almost overlooked in the speculation, paying \$33.50 for each \$2 ticket. It was plainly evident that My Own did not fancy the deep, sandy going. Fetelek, the tricky colt simply rolled beneath the hooves of King James as he came through the stretch laboriously.

Earl Sande, on the Grayson start, finding himself outrun to the mount turn, was forced to take his mount under a choking pressure to prevent him running upon the heels of the leaders. He made the drive in the fifth position and for a time, when straightened out on the back stretch appeared to be gaining. When Sande called for an effort, however, My Own simply was not there.

Sande said afterward: "The colt beyond doubt, does not like the Bowie course. After I rounded the first bend and let out a wrap he had utterly no speed despite the fact that he seemed to be trying his best."

Admiral Grayson said flatteringly to race My Own would be refused.

My Own Withdrawn For Season After Making Bad Show

(By The Associated Press.)
LOUISVILLE, Ky., Nov. 21.—Robert Gilmore, trainer of In Memoriam, sees little prospect for Earl Wiedemann's crack three-year-old taking the place of My Own in a match race with Zev at Bowie before the end of the present race meeting there.

When told last night that Rear Admiral Cary T. Grayson had announced the withdrawal of My Own for the rest of the season after the colt finished sixth in the Prince George handicap and that Bowie officials had indicated the way was open for a re-

"HIGHBALL" IS A FLYING DOG

BY STEVE HANNAGAN
(Special to The Bee.)

NEW YORK, Nov. 21.—"Highball," Altitude champion of the sky, who has flown 5,000 miles, is up in the air when he is on the ground.

The flying dog has become so accustomed to the stinging breeze of speed that he is uncomfortable on terra firma.

He accompanies his master, Pilot C. B. D. Collyer who makes a bill-board of the sky, on all his jaunts to etch words in space with a smoking pencil.

"There is just room enough for both of us in the single-seater bi-plane," said Collyer, "and 'Highball' is a lot of company. He snuggles close when we make steep turns and long, rapid dives. Then when it is over and we are again flying on the level, he looks up into my face, pricks up his ears and smiles."

"Highball" is always the first one in the ship when he scents preparations for a flight. He is always the last one to leave the plane on its return to earth.

\$2,000 A FOOT

CHICAGO, Nov. 20.—Three thousand dollars a foot was the unusual price commanded for a front command 73 feet on South Michigan avenue about one mile from the loop district which has just been leased.

"HIGHBALL" AND HIS MASTER, PILOT C. B. D. COLLYER.

Tigers Did Not Have Successful Football Season

By LAWRENCE PERRY
(Copyright, 1923, by The Bee)

NEW YORK, Nov. 20.—Princeton is the first of the important football eleven to end her season. The Tigers failed to maintain their prestige, losing three of the seven games played and being tied in another.

But the Princetonians have reason for pride in the fact that their eleven fought every game through to the end, cleanly and with unflagging courage and accepted their defeats like gentlemen and sportsmen.

When the season began it was necessary to construct practically a new line and in the backfield there was no performance of all round excellence to fill the place of the Missing Cleaver.

As it worked out the line came to be principally a combination of transplanted backs and the fact that when the Tigers came up to their big games, no fault was to be found with the forwards, speaks much for the ability of Princeton's line coaches. The Lloyd Bergen, a back, was made into a workmanlike centre, that Snively, another back, was developed into a first rate guard, and still another back, Emory, into a thoroughly fine tackle.

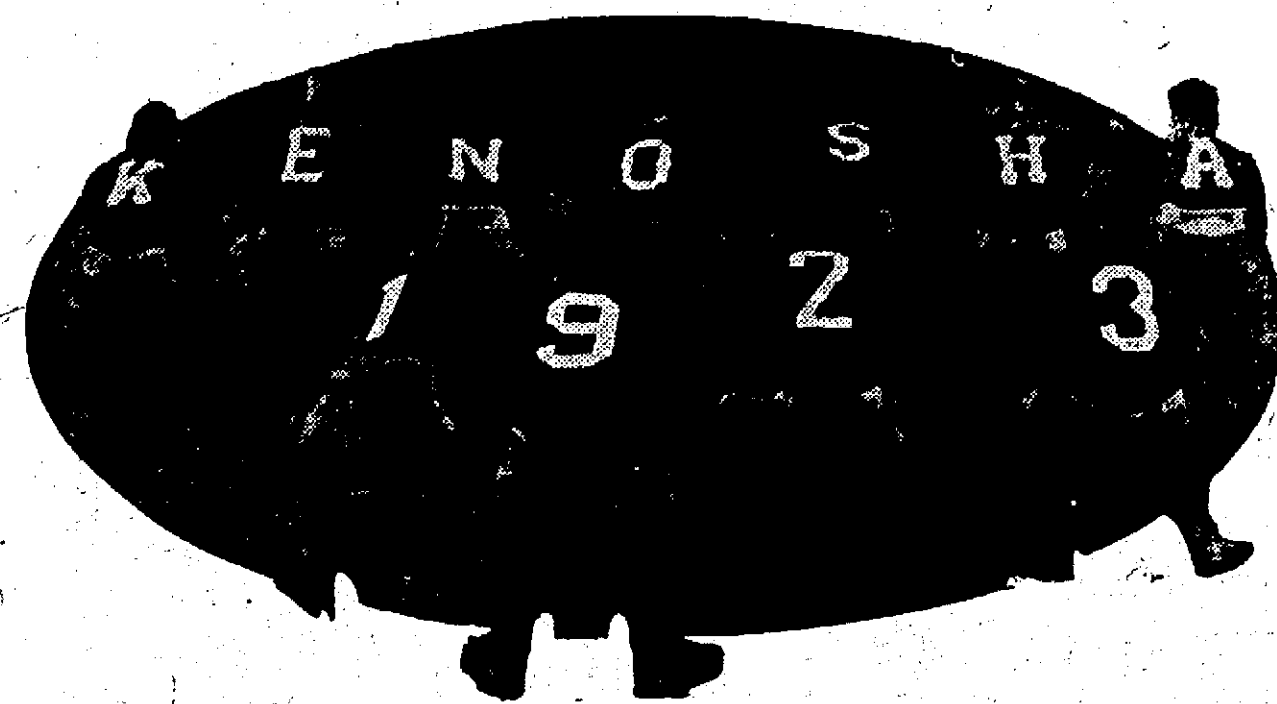

affords abundant evidence that the teaching of football is by no means a dead art in Tigertown.

Both on offense and defense Princeton's line, from the Navy game on, met the highest critical standards. That is an achievement in which all Princeton men may justly take pride. The backfield, on the other hand, left much to be desired, save in the department of punting. As a general thing, the ball carriers were slow to take their holes and among them were no versatile performers and in fact no single man of outstanding brilliance with the exception of Van Gerbig as a punter.

A genius who consistently can worm his way through the line and well into the secondary, the dashing elusive stepper who once in the second zone is liable to elude the tackles over a distance of from fifteen to forty yards or more, do a great deal to make a team's offense stand out and sparkle. Princeton has no such man, or men, as a consequence her first downs, she gained more against both Harvard and Yale than a Tiger team has ever gained against these rivals.

Through all these years, Princeton system has depended pretty much upon long gain specialists to carry the ball within easy striking distance. In

YE SHALL KNOW THEM BY LETTERS

A southern exposure of the Kenosha High School football team, revealing the unique method employed in identifying the players, the forwards being lettered, and the backs numbered. When "3" throws to "K," it is the right half passing to the left end, etc. But McCaw, former Indiana U star, is father of the idea and coach of the squad.

the sense that Yale, Cornell, Notre Dame, Minnesota, Illinois and Michigan have a system of attack Nassau is lacking and as a rule has always lacked.

One thing Princeton did have was a well-played off-tackle and line bucking attack—the first she has shown since 1899. It did not bring victories but it augurs well for the future if the Tigers are wise enough to build upon it.

PREPARING FOR ANNUAL CROSS COUNTRY RUN

(By The Associated Press.)

NEW YORK, Nov. 21.—In competing in the fifteenth annual cross country run of the ICAAAA at Van Cortlandt Park next Monday, college runners will receive an informal try-out for the cross country team of the 1924 Olympic squad. It was announced today. It has been decided to make up the cross country team from bona fide runners and not long distance runners who are not cross country men.

Indignant Over Broadway Theaters Increasing Prices

(By The Associated Press.)

NEW YORK, Nov. 21.—So much indignation has been expressed by Army and Navy officials over the increase of admission prices by Broadway theatres next Saturday night, the day on which the Army and Navy meet at the Polo Grounds in their annual football battle, that in some quarters it is believed the game will not be played in this city again.

The hoisted prices affect principally the student officers of the two service schools, who have few opportunities to attend theatre and certainly less money than undergraduates of lay institutions and it is on their behalf that the Army and Navy officers have complained.

Prices for orchestra seats in 24 theatres, an official Army canvass revealed, had been boosted from 10 cents to \$2; two \$5.50 places increased to \$7.70. The investigation was instigated by Rear Admiral Henry Wilson of Annapolis who communicated his reports to Brigadier General Sladen commandant at West Point.

Baltimore has been tentatively selected as the site of next year's game.

Pine Craft Ruby, By Norman, Wins

(By The Associated Press.)

NEW YORK, N. C., Nov. 21.—Pine Craft Ruby, a setter, owned and handled by R. W. Norman, of Salisbury, N. C., won the members-all-age stake, the second event of the Piedmont Field trials here yesterday. Stylish telegram, a pointer, also owned and handled by Mr. Norman was second and Hyde Simpkins, a pointer, owned and handled by A. P. Pugh, of Portsmouth, Virginia, was third. Hundreds of sportsmen from North and South Carolina, Virginia and neighboring states are here for the meeting. The open-all-age stake and the open derby are yet to be run.

WHIPPING CASE
REACHES COURT
FOR REVIEW
(By The Associated Press)
TALLAHASSEE, Fla., Nov. 20.—
The transcript of the record of judg-
ment and proceedings in the trial of
Thomas Walter Higginbotham in Colu-
mbia county circuit court last July
reached the supreme court today,
along with the statement of errors
charged by counsel for Higginbotham
in asking for a new trial.

Higginbotham was sentenced to
twenty years imprisonment following
his conviction of second degree murder
in connection with the death of
Martin Tabert of North Dakota. He
was charged that Tabert's death was
caused by firing at the hands of
Higginbotham, who was "whipping
boss" of the camp.

PORTRAIT OF MAURY UNVEILED AT ANNAPOLIS—U. D. C.'S ATTEND

(By The Associated Press)
WASHINGTON, Nov. 20.—The
warriors of the Gray were acclaimed
again by speakers at the first formal
session tonight of the Thirtieth An-
nual convention of the United Daugh-
ters of the Confederacy.

Addresses by prominent speakers
were interspersed with the singing of
Southern melodies led by the United
States Marine band.

The session opened with the play-
ing of "Dixie" and concluded to the
martial strains of "The Star Spangled
Banner" by an informal rendition to
the general officers and delegates to
the convention by the officers of the
district division.

Among the speakers were General
W. B. Haderman, commander-in-
chief of the United Confederate Veterans;
Miss Anthony Wayne Cooke,
president general of the Daughters of
the American Revolution; W. Mc-
Donald Lee, commander-in-chief of
the Sons of Confederate Veterans;
and Edward E. Colladay, representing
District of Columbia Commission-
er Carl Rudolph.

Many of the delegates participated
in a pilgrimage to Annapolis this af-
ternoon, where the delegation pre-
sented the Naval Academy with a
portrait of Admiral Matthew Fontaine
Maury of the Confederate States.

General Cooke proposed a resolu-
tion that the United Confederate Vet-
erans and the Daughters of the Amer-
ican Revolution should join in a com-
munique to the United States govern-
ment, asking that the remains of
General Lee be interred in the Na-
tional Cemetery at Arlington.

Worse to Come
France's counterthreat to the
German ultimatum is to be
announced in the near future.

RADIO PHONE TESTS SUNDAY

(By The Associated Press)
NEW YORK, Nov. 20.—Trans-
Atlantic radio telephone tests will be
made between United States and
England stations beginning next Sun-
day night. American stations will
broadcast the following night, and
Henry Ford has been announced
as the first speaker. Continuing
throughout the week the English and
American stations will broadcast al-
ternate nights until December 1,
when an attempt will be made to es-
tablish two-way communications. It
is planned to have men prominent in
official life to make addresses.

ANNAPOLIS, Nov. 20.—The
hundred delegates attending the 30th
annual convention of the United Daugh-
ters of the Confederacy in session at
Annapolis this afternoon and partici-
pated in ceremonies attendant upon
presentation to the Naval Academy of
a handsome painting of Commodore
Matthew Fontaine Maury, noted
oceanographer and naval man. The
portrait occupies a conspicuous place
on the wall of Maury Hall, one of
the academic buildings named in
honor of the commodore.

The painting is the work of Miss
E. Sophronia Hergesheimer of
Nashville, Tennessee, who was pre-
sent at the unveiling. It shows Maury
in full uniform, with a world globe
on a table near his feet. The paint-
ing is a portrait in the Navy De-
partment at Washington.

majority and a free trade premier
will succeed him.

After the Conservatives, the La-
borites are the strongest English
parliamentary group. They hoped to
win the next election but didn't ex-
pect one so soon. Perhaps the time
for a Labor victory isn't far off.

The Liberals, who are free traders,
are outlived by both Conservatives
and Laborites. Last year, but this
was partly because of a party split.
They may unite to defend free
trade.

Greek Throne Shaky
King George of Greece, at his ad-
viser's suggestion, is about to take a
vacation outside the country. It's pre-
dicted a republic will be declared as
soon as he goes.

Writing His Message
President Coolidge is writing his
message to Congress which meets in
December. His chances for re-nomina-
tion in 1925, politicians agree, will
depend largely on the bill this mes-
sage takes with the Congress.

portunities of making you \$8,000 to
\$10,000 yearly, write Box 733, Dan-
ville, Va. R&B 11

South Is Alive
To Importance
of Negro Worker
(By The Associated Press)
NEW YORK, Nov. 20.—The South
was never more alive than it is to-
day. The importance of greater econ-
omic justice, fairer educational op-
portunities and justice in the courts to
the negroes, Dr. Robert R. Moton,
principal of Tuskegee Institute in
Tuskegee, Alabama, declared today
in an address before the Quill club.

An important factor that has
brought about the existing attitude,
he said, was the wholesale emigra-
tion of negroes from the South to
Northern industrial centers, which,
he declared, had approximately 500-
600 persons within the last year, ac-
cording to department of labor sta-
tistics.

From Georgia, 120,000 have gone
North, he said; from Virginia 100-
000; from Alabama 90,000; Mississippi
80,000; North Carolina 25,000. The
Georgia exodus had cost the state
\$27,000,000 had left 40,000 farm
houses vacant, had left 70,543 laborers
jobs vacant, according to an esti-
mate by the Georgia Bankers' As-
sociation, he declared.

The emigration, Dr. Moton assert-
ed, was caused primarily by the su-
periority of economic advantages in
the North as a result of restrictions
on foreign immigration. A contribu-
tory factor, he added, was the con-
struction in recent years of the cot-
ton crop by boll weevils.

Leaders of the movement to im-
prove the status of the negro in the
South, the Tuskegee official said,
were actuated not wholly by the
economic advantage of the negro's
presence as a laborer, but were
"moved by the dictates of human
justice."

J. R. A. HOBSON NAMED
RICHMOND, Va., Nov. 20.—J. R.
A. Hobson, of Richmond, at the con-
ference which will be held next
Monday at Harrisburg, Pennsylvania,
on call Governor Gifford Pinchot of
Pennsylvania who asked all gov-
ernors of states to attend. Governor E.
Lee Trinkle, being unable to attend,
named Mr. Hobson to attend the
meeting and report its findings.

DOESN'T BELIEVE
FIRPO CLAIMED
FIGHT DISHONEST
BY HARRY NEWMAN.
NEW YORK, Nov. 20.—Tex Rick-
ard, who promoted the Jack Dempsey-
Luis Firpo battle here September
14, today expressed disappointment
and disbelief in cable advices to the
effect that Firpo, in his native Argen-
tina, had declared he was not honest-
ly beaten by the champion and that
a short count on the final knockdown
was responsible for Dempsey's being
credited with a knockout victory.
Rickard said he expected Firpo
would come along with a denial of
the report.

He never said anything to me
about not being treated fairly in that
fight with Dempsey," said the pro-
moter today. "Surely he never inti-
mated that there had been a short
count by the referee. The only com-
plaint Firpo made was that Dempsey
had stood too close to him after every
knockdown and neglected to go to
his own corner following the knock-
down. I am inclined to think Luis
has been misinterpreted in this latest
jarn from the Argentine."

"Firpo, it would seem, is continually
running into some jam or other.
Many boxing sharps think the big
Argentinian is being badly advised."

If the advices from Buenos Aires
are accurate, the squawk from Firpo
at this time is bound to prove a
boomerang to the big South Ameri-
can. Surely it is not going to ele-
vate him in the minds of the fans
here inasmuch as he was so decisively
beaten.

However, it's a common practice
for Firpo to go stumbling into trou-
ble. Shortly after his upset by Dem-
psey he made application for natural-
ization papers here. When he dis-
covered that he was pulling a faux
pas he announced he was not seek-
ing citizenship, but merely attempt-
ing to show his love for the United
States and his gratitude to the North
American public. Eventually the ap-
plication was refused.

Employment Satisfactory
FORT WORTH, Nov. 20.—Em-
ployment conditions throughout the South-
west continue satisfactory, especially
in the packing industry. Lumber, flour
and vegetable oil mills. Crude petro-
leum production still is restricted and
this has workers in the fields.

NEW WAY TO DRESS A TURKEY
This turkey feels all dressed up. Miss actress, is giving the rooster
a lot of attention, for it was hoarse for her Thanksgiving dinner.
But every turkey that will have the honor of being eaten by a noted
diner. Linsey had
